A Message from **DIRECTOR GENERAL, PDEU**

Dr. S. Sundar Manoharan

Director General
Pandit Deendayal Energy University

“Empowered to Empower”: PDEU had a wonderful opportunity in the midst of the pandemic to empower our students through a variety of online engagements, to strike a finer balance between curricular/extracurricular activities.

In this context, it gives me immense pleasure to bring out the Annual Report of the Office of Student Activities, Involvement & Leadership for the year 2019-20. The vibrant design of the report is just a reflection of how the student leaders keep the bonding with all students over with their creative, innovative, and meaningful activities.

Over the years, we have seen that the learning and skills; the students have developed while setting and running their student-based organizations, have come in handy to set up their “start-ups” or crack job interviews or to get through the reputed institution for further studies.

I am sure one would admire how much students are doing along with pursuing their formal education when one will go through the report. I congratulate Dean, Students’ Affairs, associated Faculty Mentors, and more importantly the entire OSAIL team which facilitates students to shape their ideas and guide them to aim big and achieve big.

A Message from **DEAN, STUDENTS' AFFAIRS**

Dr. Tajinder Pal Singh

Dean, Students' Affairs
Pandit Deendayal Energy University

The Office of Student Activities, Involvement and Leadership (OSAIL) at PDEU offers students the opportunities to explore their multi-faceted talents and develop managerial skills as well as leadership qualities. We believe learning does take place inside the classrooms, but more so outside. All our activities are built in such a way that they enhance both personal and professional growth of students and encourage them to see learning as a lifelong journey. We support our students to pursue their dreams and aspirations and encourage them to have opinions and convictions.

There are abundant of educational opportunities and experiences in PDEU that facilitate self-discovery, spiritual, emotional, social, intellectual, and professional development for our students.

We are committed to the wellbeing of our students and ensure that they have ample of opportunities for a holistic development.

ABOUT UNIVERSITY

Pandit Deendayal Energy University's 100-acre campus is located in Gandhinagar, which is the capital city of Gujarat and located 23 Km North of a well-developed city called Ahmedabad with a population of 8 million people. The city is famous for its remarkable cultural development and social life.

PDEU offers multiple courses ranging from engineering, arts, and management along with maximum exposure and opportunities to its students through various national and International exchange programs with best Universities worldwide. For the development of its faculties and staff the University endeavors for various Joint Exchange and Research programs.

SCHOOLS @PDEU

School of Petroleum Management offers M.B.A. and Ph.D., Post Graduate Diploma in Petroleum Management for Executives and Management Development Programs focused on Energy & Infrastructure Sector, General Management. The School is approved by AICTE.

School of Petroleum Technology offers B.Tech., M.Tech. And Ph.D. in Petroleum Engineering. It is academically engaged in creating a high-quality talent pool for the hydrocarbon sector across the entire value chain.

HISTORY OF PDEU

Pandit Deendayal Energy University (PDEU) has been established by GERMI as a Private University through the State Act enacted on the 4th of April, 2007. The University offers programs to address the need for trained human resources in the domains of Science, Technology, Management, and Humanities. It intends to broaden the opportunities for students and professionals to develop core subject knowledge which is duly complemented by leadership training interventions, thereby helping the students to make a mark in the global arena. This objective is being further addressed through a number of specialized and well-planned undergraduate, postgraduate and doctoral programs as well as intensive research projects.

School of Technology offers B.Tech. in the fields of Civil, Electrical, Mechanical, Computer, ICT & Chemical Engineering, besides the Ph.D. Program. It also offers M. Tech in various fields.

School of Liberal Studies offers four-year Bachelor program in the field of Liberal Studies, BSc. in Chemistry, Physics & Mathematics, M.A. in Public Administration/International Relations / Political Science as well as the Ph.D. programs.

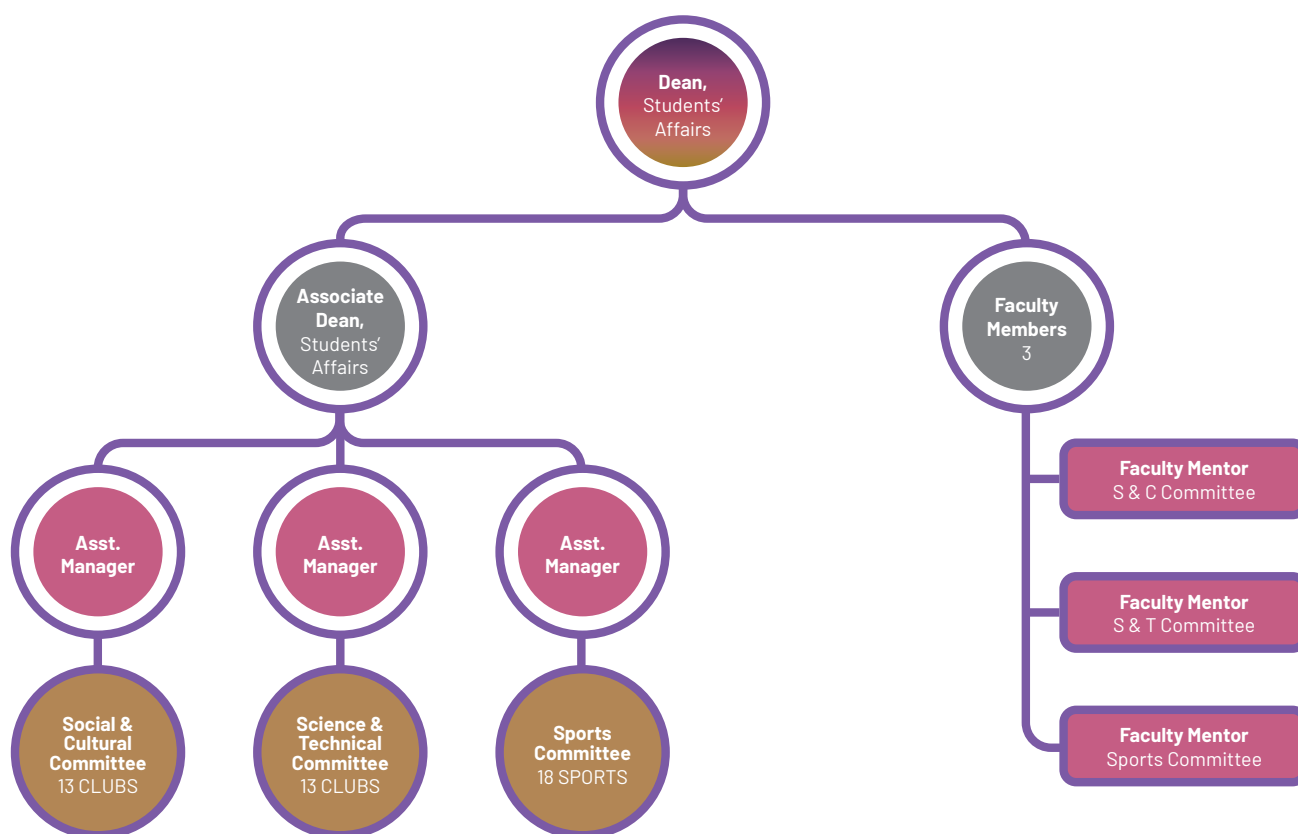

Office of Student Activities, Involvement & Leadership

The Office of Student Activities, Involvement & Leadership complements students' academic experiences by providing services and resources that engage students in creating campus culture through social, cultural, intellectual, spiritual, athletic, recreational, artistic, political, and service opportunities.

The Office supports the student organizations that abound at PDEU. Opportunities are provided for student participation and leadership experiences in a variety of officially recognized clubs and organizations. Currently it mentors and funds around 35+ student clubs which conducts around 190 events throughout the academic year. The staff is committed to delivering quality advising, resource materials, leadership development opportunities, and administrative support services to impact students' growth and development and enhance the success of each student organization.

It ensures that students with Leadership qualities get platform to experiments with their ideas and enhance their skills. These leaders keep the campus buzzing with their innovative events and also ensure that talented students get chance to showcase their talents in those events. There are sports/recreation clubs, special interest groups, professional societies, and social service activities, cultural & technical events.

2019-2020 IN A NUTSHELL

STUDENT ORGANIZATIONS/ CLUBS @ PDEU

Since the establishment of Office of Student Activities, Involvement and Leadership it has played a very significant role in Pandit Deendayal Energy University, spearheading all the extra as well as co-curricular activities. In the academic year of 2019-20, OSAIL committees, comprising of Technical, Cultural and Sports committees were constituted. Ever since their inception, the committees have been working in full swing to enhance, nurture and foster student interests in an array of areas within and beyond the academics. Clubs are an integral part of committees which help in enhancing the passion of student in diversified fields.

SOCIAL AND CULTURAL COMMITTEE (S&C)

About S&C

The committee makes sure that the campus remains interactive and entertaining. The committee members are representatives of various schools on the campuses and bring with them their strength to ideate, manage and execute social & cultural events. This committee also organizes Independence Day & Republic Day celebrations, Navratri, Utrayan and of course, what we all wait for – FLARE – Annual Cultural Fest. The committee is the bridge between students clubs under Social & Cultural Committee and OSAIL.

Devanshu Bhatt

President, Social & Cultural Committee

"Social & Culture Committee of PDEU has always fascinated me even before I joined the team. But after becoming a part of this committee, I saw how the biggest hurdles are crossed and can even be turned into opportunities to do something creative. The journey from being an introverted sub-committee member in first year to becoming the general secretary of S&C has been an incredible one. It has been full of learnings, filled with great opportunities and has helped me push my capacities. I was able to lead a large committee and build such profound relationships with multiple people in this university due to this platform. Working with such talented, hard-working and dedicated teammates made this journey all the more special and memorable for me. I am truly grateful for OSAIL for presenting me with this opportunity and having supported me in countless ways. My tenure as the GS will always be the toughest yet the best year of my college life."

Avani Vaghela
President, Ajia Bunker

AJIA BUNKER The Japanese & Korean Cultural Club

My experience working as a head of one of the clubs at PDEU has been all about learnings. I feel overwhelmed after completing the year and am thankful to the University for providing me this opportunity. I lead this club with an international extension that gave me an exposure and helped me become a better leader and a better person. SAIL has been a great support in the whole journey and this journey is definitely going to be one of the stepping stones in my career."

Events by AJIA BUNKER in the year 2019-20

Sr. No	Event Name	Event Date
1	Introductory session	4th September, 2019
2	Anime Quiz 2.0 & Live Anime Dubbing	19th September, 2019
3	Blitzkrieg	16th October, 2019
4	Japanese Movie Screening	23rd October, 2019

INTRODUCTORY SESSION

This event was conducted to give the students a glimpse of K-POP and Anime. This event had two sub events as its essence, a K-POP introductory event with a Jamming session and a Japanese Pop-Culture and Anime Quiz. The main objective of this event was to introduce students to Japanese and Korean cultures along with providing a wonderful experience to those who were seeing Anime and K-pop for the first time.

JAPANESE MOVIE SCREENING

This event was conducted to give the students a glimpse of Anime (a very popular form of Japanese Animation). The movie screened during this event was Mad House's "Summer Wars". Summer Wars: It is an enjoyable Japanese Animated feature from director Mamoru Hosoda, summer wars is a movie that manages to combine real life drama (school problems and teen mental health) with virtual world dramatics. Far from resorting to easy, reactionary technophobia, Hosoda shows Japan's age-old traditions being upheld throughout different generations, with the beautifully realized digital community of OZ proving as much the solution as the problem.

Zarah Noorani
President, DebSoc

DEBSOC Debate Society

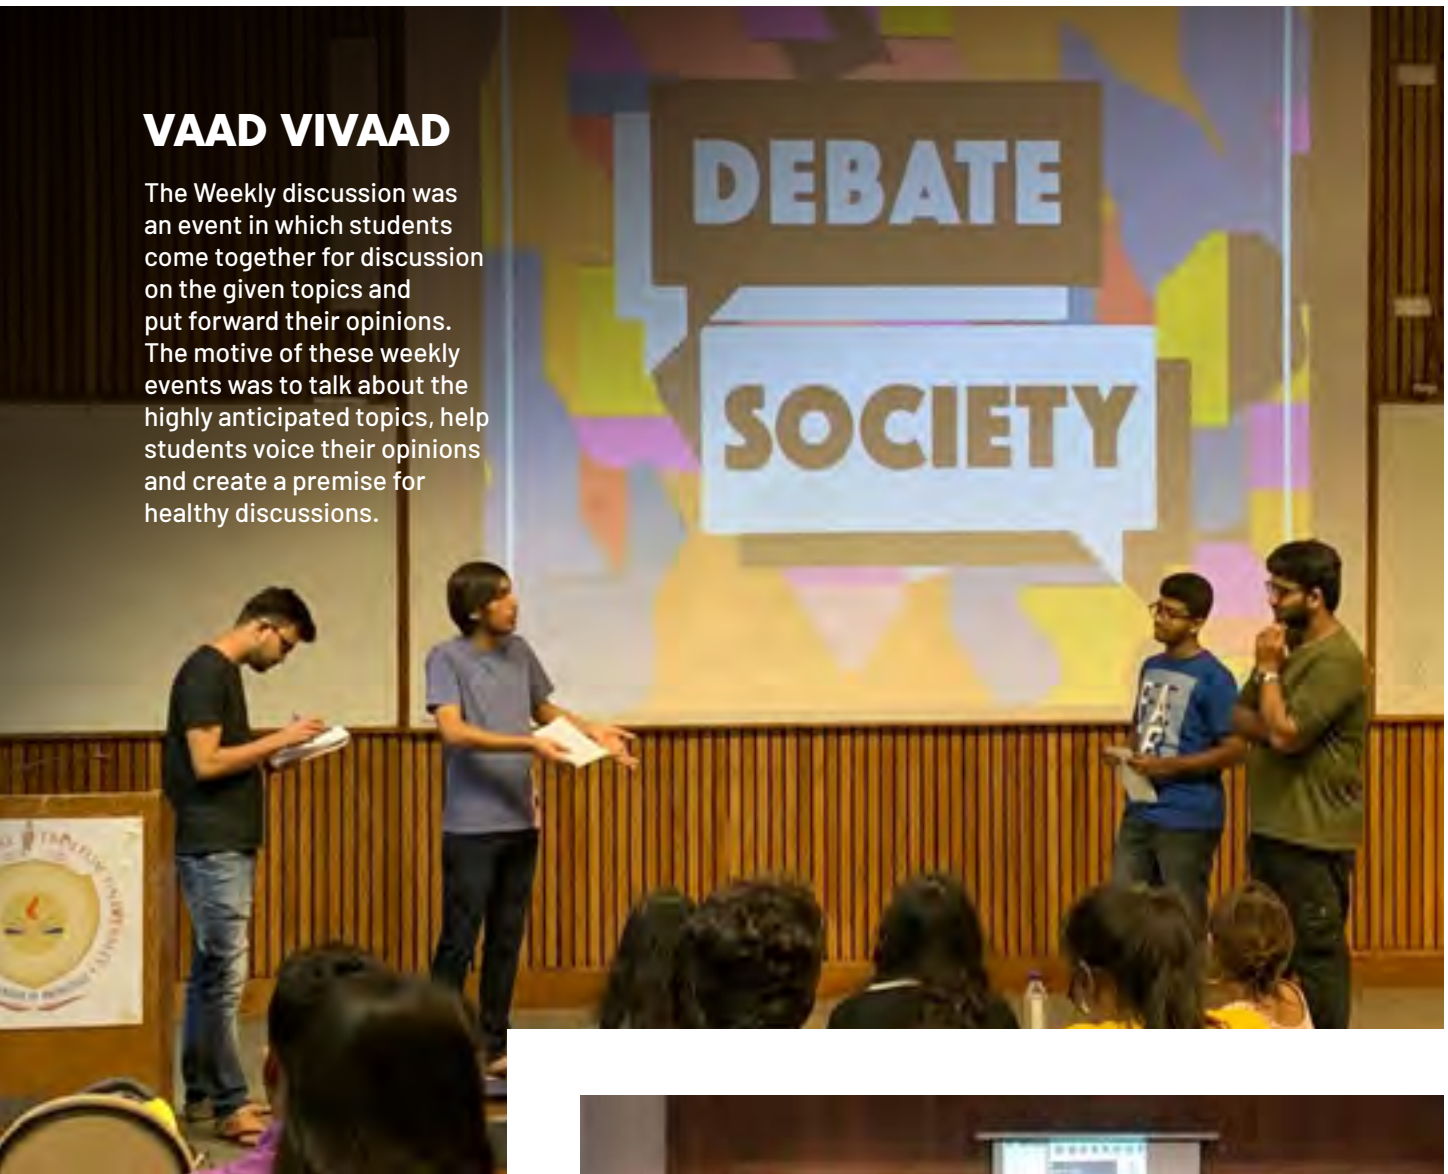

As the president of the Debate Society, my main goal for the club was to make debating a less intimidating and more open experience for people. Having been a part of DebSoc since my first year at PDEU, I noticed that people saw debating as a very daunting practice - something you can do only if you're an 'intellectual'. I believe we were successful in breaking these inhibitions amongst students and make debating more fun. Although it may be very difficult to manage a team, I had the chance to work with a very bright, diverse and enthusiastic group that made DebSoc 2020 great!"

Events by **DEBATE SOCIETY** in the year 2019-20

4	Tark-Vitark	20th November, 2019
5	Elocution Competition	22nd January, 2020
6	British Parliamentary Debate Workshop	22nd February, 2020

VAAD VIVAAD

The Weekly discussion was an event in which students come together for discussion on the given topics and put forward their opinions. The motive of these weekly events was to talk about the highly anticipated topics, help students voice their opinions and create a premise for healthy discussions.

THE BRITISH PARLIAMENTARY WORKSHOP

The debate workshop was conducted by Arjun Upadhyay, the former student president of the Debate Society. The British Parliamentary Debate Workshop was conducted to help participants understand the basics of debating through one of the most widely used formats. The Workshop went on to teach participants How to Debate to win points, How to construct and structure arguments, How to further link constructs for an articulate argument.

Krina Kalaria
President, Jharokha

JHAROKHA Literature Club

Jharokha – the literature club of PDEU, for me this club is not just the club but a ‘family’. Since my first year, I have been associated with this family. This association have always pushed me positively and fiercely to give my best of the best. Having different people on the board from different backgrounds with the similar interests, did wonders, for members associated with the family and this pushed us to bring our best deliverables onto the stage with different activities and events. Here, we did not just hangout and left talking about literature and doing things related to it but we went beyond it, we explored the unexplored and have discovered and experienced the unbelievable experiences. Perhaps one of the best memories is tied up with Jharokha. It was great being part of it . At the end of the day, it was always a new and a learning experience.”

4	Introduction To Research Paper Writing	4th December, 2019
5	Sketch With Words	23rd January, 2020
6	Akath	25th February, 2020

SKETCH WITH WORDS

Sketch with Words was a competition organized by club along with Rang where one can participate in a team of two. One had to sketch a caricature of any of the character from any movie, book, cartoon or comics and the other had to pen down thoughts, poems or write-ups related to the sketch. The event saw around ten teams and every one of them was excited and full of enthusiasm. They had diverse tastes and thoughts about their characters and the way they took form were also diverse. The competition demanded creativity and the crowd was just that, creative.

INTRODUCTION TO RESEARCH PAPER WRITING

Research Paper writing - A gripping two-hour session about paper structure, DO's and DON'T s, writing techniques, and much more. The session was conducted by Mr. Pradeep Malik. 67 Participants learned about the various types of research papers and research methods, how to begin writing a research paper and the structure one should follow, the possible topics on which research can be done, and the techniques to identify those topics.

AKATH: THE UNSAID

Akath: The Unsaid was an open mic event organized by Jharokha along with ORSP where one had to express his / her thoughts in the form of poetry or story or anything he has written. There were also featured performances based on the theme of Kabir. The event saw around more than 70 people and 15-20 participants with full of enthusiasm. They had diverse thought about their writings and the way they took form were also diverse. The event demanded creativity and the participants were quite imaginative and talented.

Shreya Mehta
President, Offbeat

OFFBEAT The Music Club

I have been privileged to be part of Offbeat since second semester. It started with the thought of keeping myself busy in something but as it progressed with time, it transformed into working really hard as committee member to finally heading it one day. Overall, the journey has been very fulfilling. I have had best seniors who guided me, believed in me and promoted me to the position of the president of the club. On the same note, I was fortunate enough to have very talented and hardworking core committee members as well as juniors. OSAIL was kind enough to stand by our side and provide us everything we needed. It was not an easy path to tread on and to be honest, there were some differences but the department ensured we got everything we require. Offbeat motivated me, believed in me, worked hand in hand with me and even criticised me whenever needed and I wouldn't have had it any other way. It's been a wholesome journey - one which I will never forget. All said and done, I have one regret and that is we couldn't conduct Flare this year. On concluding note, I would like to thank my club members, advisors, Rinkal ma'am, Rohit sir and Pooja ma'am for all the love, support and guidance throughout the year."

Events by OFFBEAT in the year 2019-20

Sr. No	Event Name	Event Date
1	Showcase	19th August, 2019
2	Unplugged	11th October, 2019
3	Saaz	11th November, 2019
4	Taalmela	7th February, 2020
5	Sing Share Like	21st May, 2020

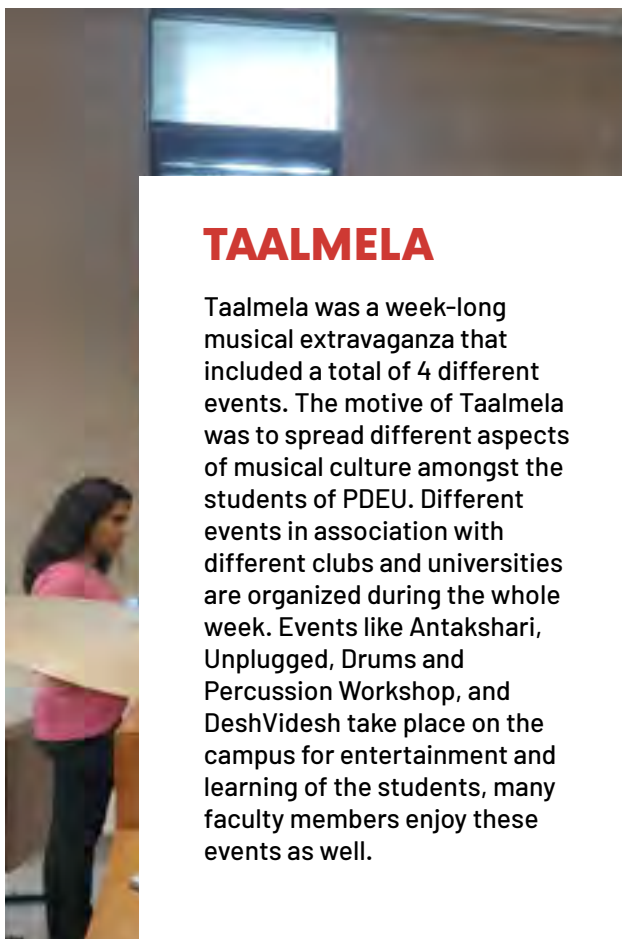

SAAZ

Saaz - An intra-university music competition that gives students a platform to showcase their musical talents, be it vocals or instrumental. Saaz was conducted in two rounds (auditions and the finale) and 5 categories i.e. Solo, Duet, Instrumental, Band performance, and Original composition.

TAALMELA

Taalmela was a week-long musical extravaganza that included a total of 4 different events. The motive of Taalmela was to spread different aspects of musical culture amongst the students of PDEU. Different events in association with different clubs and universities are organized during the whole week. Events like Antakshari, Unplugged, Drums and Percussion Workshop, and DeshVidesh take place on the campus for entertainment and learning of the students, many faculty members enjoy these events as well.

SING SHARE LIKE:

Sing Share Like was an annual online music competition wherein Offbeat gives a platform to the participants to showcase their talents. Participants have to send a 1minute video which was then uploaded on Offbeat's Instagram handle which gets hundreds and thousands of views and helps the participants to gain exposure. The number of likes, shares, and comments are added up and the individual with the highest score wins. This was the 4th successful year for sing share like and we received 60+ entries and thousands of views.

Shrena D'souza
President, Panache

PANACHE The Fashion & Styling Club

It's always been an honour and a whole different experience by itself to lead a team, work with them, teach and learn, grow and develop. Heading PANACHE, brought me all of this, and so much more. The support of the university, OSAIL, teams and people we've worked with just stand to remind you of how important it is to work in a team, towards a common goal, while constantly pushing one another to only get better. I did it once, I'd do it a hundred times over."

9	FLARE Theme Launch	28th February, 2020

GLOBAL VILLAGE WITH AIESEC

PANACHE along with AIESEC PDEU organized a fashion show on the occasion of AIESEC's annual Global Village event. It was quite an extravagant affair, being PANACHE's first event of the year. The clothes donned by the models were all their own, and they put together fabulous traditional outfits. The girls wore lovely lehengas and ethnic pants with blouses while the boys wore their best kurtas. The crowd loved the performance and the models earned a great round of applause.

NEON PHOTO SHOOT

As a part of Tesseract 2019, PANACHE in collaboration with Sorriso, the photography club of PDEU, organized a Black Light photography workshop where budding photographers and models learn how to shoot under black light and play with colours. Held in the design room, Sorriso had set up a fully functional studio that provided the photographers with everything they needed. The photographers for this workshop were members of the photography club and experienced photographers. It was quite an experience for the participants and the models, who learnt not only how to pose better and the technicalities of shooting, but also the way black light works.

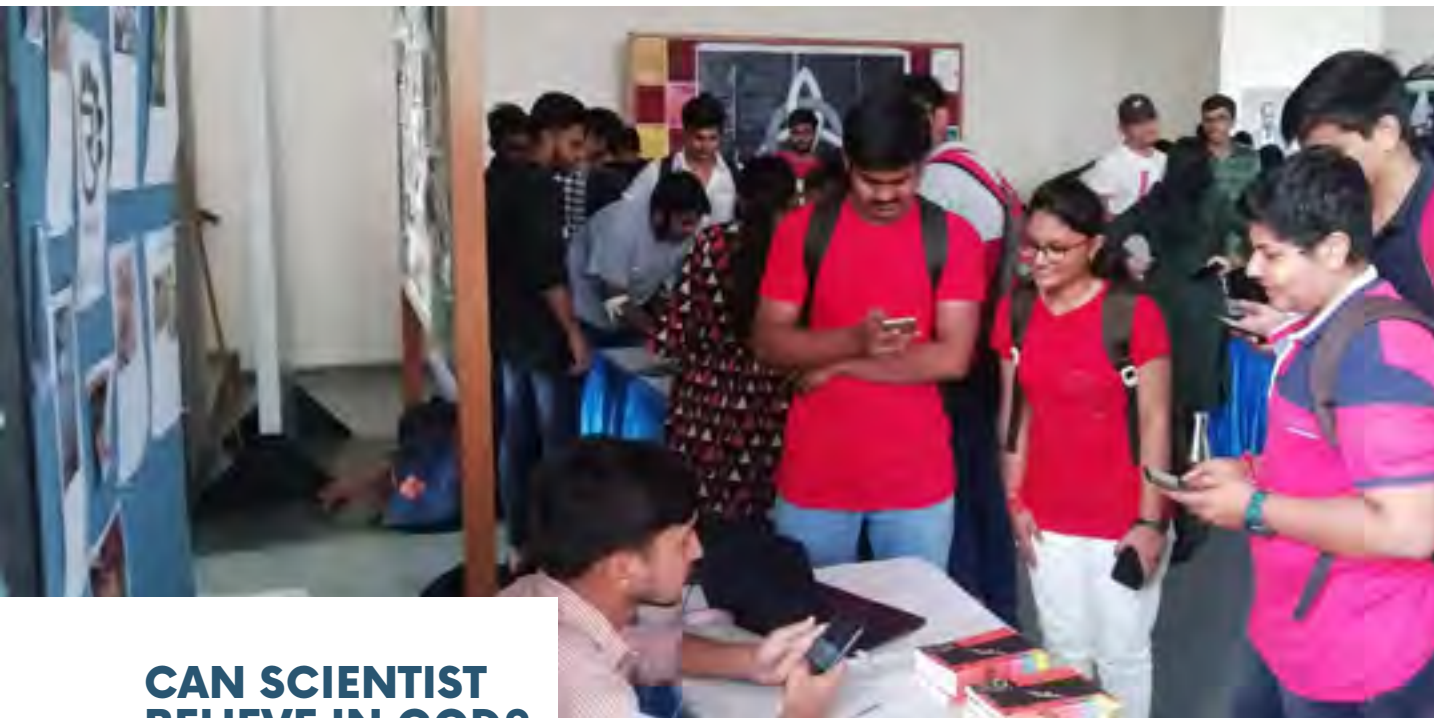

Divy Patel
President, Radiance

RADIANCE CLUB **Spiritual & Life Sciences**

“ Being a president of radiance club and working with OSAIL to organize various events which helped in spreading the Vedic knowledge and teaching the way of living to my fellow mates, was a wonder full and enjoying experience in whole. In the beginning I made some mistakes as I didn't know how OSAIL exactly worked and the procedures regarding some of the events, but Rohit Sir was always there to support us and guide through the official proceedings and the way we should go to conduct events. We have got huge support from The Akshaya Patra Foundation regarding the content of our sessions and speakers who came from there who took the seminars and enlightened us with the knowledge. When it came to send mails for the events, S&C documentation team was always there for us, they even suggested edits in the mails where we were lacking and improved it, which was very helpful.”

CAN SCIENTIST BELIEVE IN GOD?

The talk was about the belief whether god exists or not. Speaker gave examples of great scientists including the incident of Newton and his friend where they came to conclusion that the complex solar system and more complex cosmos can't exist without the monitoring of someone. The speaker also gave example that to maintain a small satellite in the orbit we need monitoring of numerous scientists 24*7, then how could these giant planets be there without any upper monitoring. After the talk there was a doubt session where students asked their doubts and had a discussion.

YOGA FOR MODERN AGE

The yoga which we do is for fitness our physical health, but people don't talk about the yoga for fitness of our mental health. In ancient times people used to go in forest or do fast for long period of times for the fitness of their mental health, but in today's modern world this is not possible. Therefore, the speaker discussed about how we can work on our mental health in this modern world and what type of yoga is best suitable for our mental health in this modern age.

EXAM MANTRA

To score good grades in exam, we have to concentrate on our studies. It's not how much hours we studied but with how much concentration we studied. So, to concentrate we have to control our mind from distractions around us. The speaker discussed the methods to control the mind.

POWER OF HABITS

Our habits have enormous power, they can break us or make us, according to its good and productive habit or bad habit. In this session we discussed how we can use this power of habits for our advantage by acquiring good habits and precautions we can take with bad habits like smoking which may destroy us. The key is developed contrary good habits like meditating and exercising and bad habits will be automatically destroyed. Club's motive behind the event was to help the students to develop some good habits and leave the bad ones.

Krunal Barad
President, Rang

RANG Fine-Arts Club

I am grateful that I got the opportunity to lead this club and work with such a hardworking and talented team. My journey as president of Rang enriched me with many soft skills. Throughout the year we have conducted many successful events; moreover it was an amazing learning experience to work with so many innovative minds during fest preparations also. All this would not have been possible without the support of other committees and OSAIL. It was a great experience which helped me to increase my self-confidence a lot. I am thankful to my team who supported me throughout the year and without whom Rang wouldn't be able to achieve such heights."

FLUID ART WORKSHOP

The event took place on 9th September, 2019 nearly 43 students took part in the workshop. Various types and methods of the respective art were taught. All the required material had been provided by the club members. The motive of the workshop was to teach various techniques such as pouring, sprinkling and other dynamic methods of Fluid Art on the sheet of canvas.

KNIFE PAINTING WORKSHOP

The event took place on 6th February 2020. Nearly 25 students took part in the workshop. Various types and methods of the respective art was taught. The workshop was taken by Mr. Lucky Samrat. All the required materials were provided by the club members. The motive of this event was to teach the participants different ways and techniques to use the painting knife in order to create some aesthetic abstract.

SWACHHTA PAKHWADA (WALL PAINTING)

On 25th January, we went to a school along with the Rotaract Club of PDEU in the village of Jethipura where we did wall painting in one of the schools in the village itself with the students. A day where we showcased the message of cleanliness and hygiene through art and creativity, having lots of fun along the way.

TRANSFORMATION OF AN OBJECT COMPETITION

The event took place on 19th September, 2019. Nearly 15 students took part in the competition in which they had to innovatively transform the given object. The participants showed immense dedication by exploring their skills of creativity and creating new. The objects and all the required materials were provided by club members. The motive of this event was to make the participants expand their vision of creativity by finding the most creative way of converting an ordinary object to something extraordinary and innovative.

Rahil Jani

BLOOD DONATION CAMP

On the occasion of Engineer's Day, Rotaract PDEU had collaborated with the Science and Technology committee to organize a Blood Donation Drive with the help of Civil Hospital. This was this year's very first flagship event. On 13th September, from 10 AM to 6 PM we had our doors open for donors across the university who believed in our cause and wished to support it. The collected blood is stored to Civil Hospital, Gandhinagar which charges no fee to its patients. All the processes were conducted under the expert supervision of medical doctors and nurses from Civil Hospital, Gandhinagar. This year we collected 350 units of blood and more than 500 people had turn up at the venue to support our noble cause.

BEING SANTA 2.0

"Happiness doesn't come from what we receive, but what we give." The Rotaract club of PDEU organized Being Santa 2.0 in which the members collected warm clothes and other necessities and distributed in the rural areas of Navrangpura, AEC and Riverfront. Rotaractors had the opportunity to become real-life Santas and spread the joy of giving. Those deprived of such things were delighted to have them there and smile on their faces made Rotaractor's day! The main motive of the event was to help and spread joy among the weaker sections of the society. People living in these rural areas are deprived of resources such as good clothing, proper homes etc and Rotaractors took up the initiative to provide the people with woolen wears for the winter to stay warm and healthy. For it is in giving, that we receive.

PDEU HAAT 2.0

The Rotaract club of PDEU organized PDEU Haat on 16th of October with great energy and enthusiasm.. This event was done to promote an NGO called SEWA and their clothing brand which is led by women. People from the SEWA, Utthantalin Kendra, Andh Jan Mandal and Manav Sadhna also participated in the event by introducing their unique products and designs at stalls at PDEU HAAT. It was a proud moment for us to give them a platform to sell and advertise their product. The staged performances started with the surprise event of Ramp Walk in collaboration with PANACHE, the Fashion club of PDEU. The models walked gracefully in the traditional clothes provided by Hansiba Clothing, a brand led by SEWA, which recently worked with Anita Dongre for the Lakme Fashion week. It was a very entertaining and fun filled event for both the audience and participants who got a chance to explore ethnic outfits and value our culture.

UNN DINO KI BATEIN 3.0

Unn Dino ki Batein 3.0 was an event conducted at Shantiniketan Senior Living, an old age home where we celebrated Valentine's Day with music, dance, antakshari and many such events for the entertainment of the elderly. The motive of this event was to celebrate with elderly people to connect with the elderly people and entertain them and show them a good time and a bond with them. The residents had enjoyed their time reliving the old Bollywood tunes and we had great pleasure of bonding with them as well. We distributed plant saplings for everyone to nourish as our token of love.

Namrata Dewani
President, Zaayka

ZAAYKA The Food Club

Using our culinary skills and organizing different types of events gave us an amazing experience. In every different event we learned something new, something unexpected. I'm really thankful to OSAIL for this!"

Events by **ZAAYKA CLUB** in the year 2019-20

Sr. No	Event Name	Event Date
1	Zaayka Introductory Session and Workshop	16 September, 2019
2	Night Sky Gazing with Barbeque	18 October, 2019
3	9 Sweets from 9 States	5 October, 2019
4	Videshi Khan Pan	7 February, 2020
5	Arabic Firdaus	12 February, 2020
6	Chef Speciality	25 April, 2020

9 SWEETS FROM 9 STATES

As aarti was done during the 9 days of Navratri, every club had contributed to the veneration in their own ways. Zaayka also contributed in collaboration with Spicmacay Club of PDEU by cooking nine different sweets of 9 different states offered as prasad for the seventh day of aarti. The sweets made by Zaayka were Malpuda, Jaggery Lemonade, Barfi, Tosha, Peda, Rasgulla, Halwa, Rice Payasam, Mummar Naryal on these auspicious days of Navratri.

ARABIC FIRDAUS

One of the main motives of the club was to bring exposure to different cooking techniques and cuisines to the university. Arabic Firdaus was the event to promote and bring to light the Middle Eastern Dishes. Falafel was the major attraction of the event. A deep-fried patty made from ground chickpeas and wrapped in a flatbread. The attendees came to understand the kind of similarity between Indian and Middle Eastern cuisine and how they complement each other.

VIDESHI KHAN PAN

Zaayka in collaboration with AIESEC cooked fusion cuisine that combines elements of different culinary traditions that originate from different countries, regions, or cultures. The event started with serving soup and dahi puri. Gradually people tried and appreciated its new version. Our club had cooked a combination of desi tadka with international taste. AIESEC Interns were glad by working with us. They also found their bit or more

home taste in our food, for which partnership was done. The main motive of the event was to give explore to our college students so that they could try out something different from the same old regular. The fusion dishes were Indonesian Paneer Tikka, Indian Garlic Soup and German Dahi Puri.

CHEF SPECIALITY

During the period of lockdown, a lot of people took to cooking as a hobby to make one's day productive and fruitful. Chef Speciality as was an online event where the contestants had to submit their entries for the categories of: a) Best Recipe b) Best Presentation Entries flocked in with dishes ranging from desserts to main course and even innovative takes on fast-food. The event found a lot of engagement among the students and the submissions demonstrated the same.

Nachiketa Vadera
President, CSSR

Club for Social Sciences and Research (CSSR)

Being the head of a club in PDEU is a bit like having your team that's working on a project. Now that I have an internship and having seen how offices operate, I am thankful for the insight and experience that I gained being in-charge of a club. In all, my time as head can be summed up by the quote: "doing what you love means doing things you don't"

THE PEOPLE'S MEET

The event was organised on 12th of October 2019, with an objective of creating a new platform for discussing topics relating to national and regional importance, ranging from politics to finance to art and culture. People were divided into three forums, the Conservatives, Moderates and Liberals, and were to debate according to the stance they had chosen. The topics decided for this particular event were: Cow Vigilantism and Homosexuality in India. The guests invited were: Dr Pradeep Malik (Moderator), Dr. Venkatram Reddy and Mr. Mukund Shukla (Both were judges) from PDEU itself. Club Achievements: Nachiketa Vadera of the club won the best speaker prize from the liberal point of view and Tushar Katiyar won the best speaker prize from the Moderate point of view. Total Participants: a total of 40 participants were present in the hall for the event, divided among the three groups.

DEMONETISATION

A Discussion: this event was organised by CSSR and The Debate Society in collaboration on the occasion of Constitution Day on 26th November 2018. The event was properly based on the parliamentary traditions of discussion in India and focused on the ground shaking announcement of Demonetisation and how it has influenced the general public. Mr. Sarjit Amin was invited as the guests as well as the judge for the event. Nachiketa Vadera and Tejaswinee Jog won the 1st and 2nd prizes respectively. Total Participants 45 people were actively participating in the event.

THE EUTHYPHRO DILEMMA

This event was organised on 27th November 2018 and was based on the dilemma Socrates had when he asks whether god is who he is because he is moral, or is he moral because he is god. This question led us to question everything around us, and hence, this discussion was organised where faculties and students came together to question the very existence of man on earth, and what the future holds for us with technology and how the past is a reminder that god is watching us all. The event ended with everyone writing personal letters to god.

Dev Patel

President, Soul Pepper

SOUL PEPPER

Dance & Dramatics

Got a lot of experience overall in the fields of marketing, logistics, and above all, management. OSAIL has helped a lot in almost everything we wanted to do as a cultural club in the college so kudos to them. Working as a team helped me grow further in the fields that I wanted to pursue."

JASHN

Jashn is an intra-college (or, intra-university) dance competition that covers a range of dance forms such as Solo, Duet, and Group. The motive behind hosting Jashn was to bring out the dancing talents of the University students onto the stage, in front of an entire set of audience. Jashn, being on a comparatively smaller scale, majorly covered three categories of Dance forms, i.e, Solo, Duet, and Group. The Solo Dance category was further subdivided into Indian Solo and Western Solo. Each of the categories required affixed amount of fees for the students to participate. The event was divided into two stages. The first were the Jashn Auditions, which were held on 6th February, and then came the Jashn Finale, which was held on 19th February.

NAWAKIF PRODUCTION

NAWAKIF was the first play which was being performed under the banner of SOUL PEPPER PRODUCTIONS, through this play we have introduced soul pepper productions in the college and in addition, this was also the first ever ticketed play in the college. The motive of this event was to introduce an in-house drama production, the SOUL PEPPER PRODUCTIONS. Through this initiative we wanted to ensure that the drama culture in the college further increases, more and more students get to be a part of it.

SHAAM

The event SHAAM consists of series of events, one among them was CYPHER. The event was conducted by SOUL PEPPER, on November 27, 2019 at canteen of PDEU. The main aim of introducing SHAAM was to promote various dance cultures. It is an amazing platform for the dancers to evolve their dancing skills and passion with different activities included. The event comprised of a Cypher where in various dance groups battled out on our home ground to showcase their bundle of hidden talents.

South Block

Yash Bhatt

President, South Block

SOUTH BLOCK International Relations

South Block for me has always been an exercise in community building rather than organizing. Not just the committee, but all the regular attendees share a strong bond and sense of belonging. Even during the pandemic and subsequent lockdown, alumni who used to attend the events got together with the current batch and held discussions to bring some sense of peace and familiarity to our troubled minds. One of my greatest lesson here has been that despite whatever guidelines or plans you have, the community guides what happens. Without our strong friends who often doubled as volunteers, the laborious organizing and navigating bureaucratic hurdles would have been daunting. I learnt that you don't need a big budget for events to be good, just interested people."

GOSTHI – ARTICLE 370

The year started with formal debating platform, Gosthi. The big event of the time was the abrogation of article 370 by the Central Government. It observed a good crowd for the first event of the year including SLS Director, Dr. Nigam Dave. The event witnessed a variety of viewpoints and nuanced arguments on the topic.

NATIONALISM

With the ever-growing wave of populism around the world, many world leaders went around redefining nationalism according to their needs. Nationalism has turned more into a weapon in the arsenal of populists rather than a pure emotion. Or is it? To answer this, a discussion was held about defining nationalism, differentiating between nationalism and patriotism and various other aspects around it.

the next page

Mousumi Nandi
President, Next Page

NEXT PAGE The Book Club

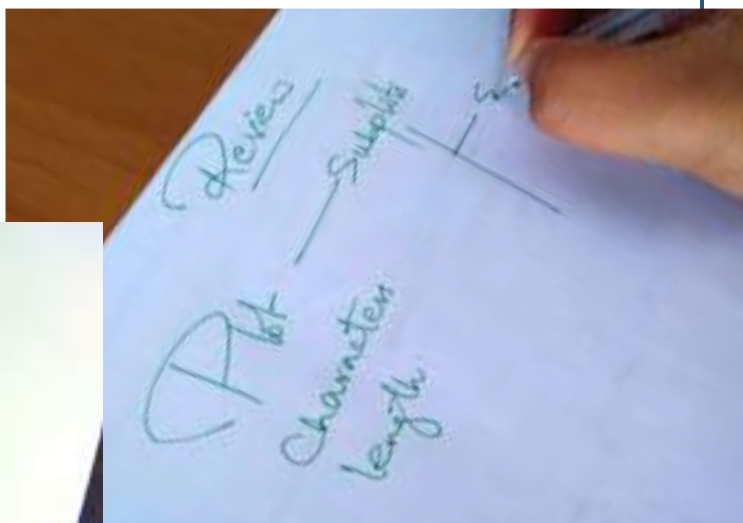

It has been a gruelling yet a very learning experience for me. Acting as the head for a college club was the first major role of responsibility that I had the honour of fulfilling which brought with it the hardships and lessons that entail with any leadership role. The work and post sure comes with both its ups and downs, and it has given me administrative and managerial work exposure which I am sure will prove to be very useful further in my life after graduation when working at similar posts at a much larger scale. I wish to thank OSAIL and PDEU for their support and for helping me learn during my time as a club head."

Sr. No	Event Name	Event Date
1	Introductory Session	12th September, 2019
2	Read React Review 4.0	1st - 10th November, 2019

INTRODUCTORY SESSION

The First Page was the introductory session to The Next Page, the book club of PDEU. In the session, a short fun quiz on the famous series Harry Potter was conducted followed by alternate endings and discussions of the book and the movie. Around 10-12 participants had attended the event. The event was organized to give a brief account of the club and how The Next Page is more than just a traditional book club by introducing them to the different kinds of activities that we organize, along with an overview of last year's events. The club could successfully present itself before its participants and attendees and our goal of a targeted and dedicated-to-reading audience for present was fulfilled.

READ REACT REVIEW 4.0

This was an online event where participants were given 9 days to write and submit a review on any book that they would like to express their opinions on and review it. The best review was declared as the winner. Reviewing is an essential part of reading. The main motive was to encourage readers to not just read books but also express how they felt during the whole process as they read through various plots and put it down in words to encourage the habit of reviewing.

Shaily Vyas

President, Spic Macay

SPIC MACAY

PDEU Chapter

I've been associated with Spic Macay (Society for the Promotion of Indian Classical Music and Culture among Youth) since I entered our college. Needless to say, this club helped me incline back to my cultural roots and traditional values. It was indeed an enriching experience I had from being a sub-committee member to being a core committee member to being the President of this noble initiative. I am extremely grateful to my advisors for selecting me as the President of this club and my heartfelt gratitude to the entire team of S&C for believing in me and my talents. Thank you so much for this wonderful opportunity. It truly helped me grow, evolve, develop and make me more rooted."

VIDUSHI BY DR. KAMALA SHANKAR

The motive of this event was to spread appreciation about Indian Classical Music. This time we had Vidushi Dr. Kamala Shankar, first lady Indian classical slide guitar musician. Acknowledged with many prestigious awards she is renowned worldwide for her wonderful rendition of Hindustani classical music. The event turned out to be musical and informative with the audience being enriched with the exciting intricacies of Hindustani classical music.

SANSKRUTI

The motive of this event was to bring people closer to various aspects of our indigeneous culture through an online quiz. Questions pertaining to the richness of our culture associated with aspects like Dressing, Architecture, Food, Dance, Music, Literature and Art were posted on our Instagram stories for seven consecutive days and two participants who excelled at each day were declared as winners.

3	Kai Po Che	10th January 2020
4	Republic Day Celebration	26th January 2020

73RD INDEPENDENCE DAY CELEBRATION

The nation celebrates this day with high spirits and pride. PDEU commemorated the occasion with its own touch of parade, musical and dance performances. The 73rd Independence Day was celebrated with pride and honour on the 15th August, 2019. With the heads held high and the hands saluting, the Indian flag was hoisted, followed National Anthem. The march past by the parade troop was in perfect harmony and was the limelight of all the activities. The celebration started with a street play from Soul Pepper – The Dance and Dramatics Club of PDEU. After the play, the atmosphere was mesmerized by a melodious performance of patriot songs by Offbeat – The Music Club of PDEU & beautiful words of freedom by Jharokha – The Literature Club of PDEU. These performances were followed by the graceful dancers of Adaah – The dancing group of PDEU. PDEU marked its own celebration to infuse the feeling of patriotism and chauvinism amongst the students.

RANGTAAL 2019

Navratri is the most awaited Festival in Gujarat. PDEU marks the celebration of this festival by Rangtaal, organised by the Social and Cultural Committee on 13th of October, 2019. It is the one day when all the students and faculties come together to flaunt their moves and sway to the beats of dhol. The celebration started with Aarti and the night kicked off with rhythmic garba tracks performed by Artist – Amit Thakkar & his troupe. The music, the lights and the atmosphere got everyone grooving and dancing to the merry tunes of Gujarati folk music, showing off their moves and sparkling dresses. To add to the festivity, food and beverage stalls were arranged with mouth-watering delicacies that the students savoured. Like every year, Rangtaal'19 ended with the perfect festive night with lots of fun and memories.

KAI PO CHE 2020 (KITE FLYING)

The festival of kites, food and togetherness – Uttarayan is the most loved festival in Gujarat. PDEU celebrated this glorious festival by organizing event – Kai Po Che on 10th January, 2020. On this day, all the students and faculties came together to fly kites and enjoy food & music. The campus was beautifully decorated with tiny kites bringing out the festive environment. People bonded over kites and manjhas spreading the air of the kite flying festival with joy and enthusiasm. The event was a great success with happy faces and beautiful memories.

71ST REPUBLIC DAY CELEBRATION

26th of January, the Republic Day of India is one of the two days where all the Indians gather around and pay a tribute to our nation. PDEU marks the celebration of this day by a celebration and pay homage to the Country and its growth over the years.

Honouring, the nation's success with a flag hoisting ceremony on its 71st Republic Day which was followed by singing national anthem. After the national anthem, the NCC cadets presented a Ceremonial parade with perfect harmony. Further, there was a cultural program which included one musical performances by Offbeat, two dance performances by Soul Pepper and a poem recitation by Jharokha.

SCIENCE & TECHNICAL COMMITTEE (S&T)

About

As its name suggests, the committee gives power to the students to gain hand on experiences or interact with senior professionals & experts in the fields of Science & Technology through various events, competitions, workshops etc. They are responsible to celebrate Engineer's day and Annual Sci-Tech Fest – Tesseract. Through the committee, technical knowledge and skills reaches to non – technical students in the campus to create wonderful symbiosis of Science & Art.

Aashi Chhatiawala
President, Aatmann

AATMANN Psychological Club of PDEU

I am grateful for being fortunate enough to head the club I have been so passionate about. I learnt how to tackle various situations and events. It boosted my confidence and helped improve my capabilities of communication and that of being a leader. We were a great team and conducted some really creative and fun events."

5	The Unsolved Mysteries: Aatmann Edition	28th November, 2019
6	An Open Discussion on "Anxiety among Youth and its Coping Strategies"	11th February, 2020

INTRODUCTORY SESSION

The introductory session was conducted to brief the students of PDEU about the club and its activities. Approximately 40 students attended the session. The presentation and video served the purpose of acquainting the students to the concept of psychology and its several aspects. The students were also briefed about the activities and events of the club, planned throughout the year. To make the session fun and interactive, games and activities were included as well. One of the activities was where one person says a line and then others make story by adding one line successively.

THE UNSOLVED MYSTERIES - AATMANN EDITION

The event 'The Unsolved Mysteries- Aatmann Edition' was conducted to attract vivacious young students who have interest in mysteries and thrillers, and acquaint them with the world of Criminal Psychology. The event was organised on 28th of November 2019 from 4 to 6 pm. The participants were asked to register on a link that was circulated by the publicity team but spot on registrations were also facilitated. Four teams participated in the event.

Bhargav Nandasana
President, Alchemy

ALCHEMY Chemistry Club of PDEU

Our journey had been full of ideas, dreams and aspirations. It's been an honour for me to serve as the president of Alchemy and I was enthralled by this responsibility. This one-year long responsibility taught me the value of grit, patience and teamwork. I want to take this moment to express my gratitude to the core committee members and sub-committee members for their immense support. I am also grateful to Abhishek and Tirthraj (co-founders of Alchemy) for giving me this opportunity. Organizing events gave me an understanding of what exactly happens backstage in order to make a particular event successful. On behalf of this club, I want to thank OSAIL and PDEU for giving us the opportunity of establishing a club. It was a year full of learning, memories and growth. Thank You."

HYDRO DIPPING

The Hydro-Dipping Workshop was organized by the Alchemy Club on the 22nd of January 2020 at the Mess Foyer in the evening. Hydro-Dipping is a method of applying printed designs to Metal, Plastic and Hard Woods through the use of Primer, thinner and Paint Spray. The printing of designs on the materials was made customized so as to adjust to the needs of the people. The aim was to create an awareness in the people and to reinforce the relevance of chemicals used in the field of art and creativity.

SHOWCASE OF NON - NEWTONIAN FLUID:

Organized along with the hydro dipping workshop, it is a fluid which doesn't follow the Newton's Law of Viscosity i.e., if a solid material is dropped from a height over the fluid, one will see that it bounces off the fluid. The main objective was to support state physical science standards which engages students and opens the imagination to future applications.

Dhruvil Panchal
President, Anirveda

ANIRVEDA **The Techno-Economics Club**

It was a great learning curve for me as being head of a club in just 2nd year was really helpful to interact with so many brilliant minds. It was a fun. It was a really small club when I joined it as a sub com. But however, it was everyone had the passion to take every event seriously and take equal responsibility irrespective of their position. I saw the club grow from its initial stages and also everyone associated with it."

DRONE MAKING WORKSHOP

The Drone Making Workshop was conducted on 17th, 18th, and 19th of October led by Mr. Hardik an Alumni of Pandit Deendayal Energy University. Initially, a brief was provided to the students about the fundamentals and parts of the drone. Then Mr. Hardik moved on to introducing motors and chips to the drone. Later on, hands-on experience was given to each participant. The drone making then started with assembling of the drone frame and moved on to placing motors and calibrating the drone with the remote and flight controller. Each participant was acquainted with the soldering of all the components. The workshop was then completed with the explanation of the code and the coding of the drone properly.

Dhairya Shah
President, Brahmand

BRAHMAND **The Astronomy Club**

I had quite good experience as the club member, as it felt like having a different family in itself. The club activities, the internal meeting as well, were very exciting as we discussed many things related to space and astronomy. The responsibilities were, however, sometimes tiring, yet made me more mature and interactive as well as open to constructive criticism. So, three years overall helped me grow as a different person than I was at joining PDEU."

4	Night Sky Gazing	18th October, 2019
5	Night discussion on Baryonic Acoustic Oscillation	15th November, 2019
6	Consciousness & Universe	7th June, 2020

NIGHT SKY GAZING

The event started with the basic information and inputs of the audience on star spotting through naked eye. Then some basic information about constellations along with their position was imparted by the assigned faculty. An advance telescope was used to spot different space objects. The first object spotted was planet mars with their two satellites (1) Phobos and (2) Demos. Pole star was spotted by locating Ursa Major with naked eyes. Binary star system was observed which is known as the brightest star in the night sky - Sirius A. Then a triangle shaped structure formed by three stars was observed in Ursa Major constellation. The night sky gazing event saw an active participation from the audience.

NIGHT DISCUSSION ON BARYONIC ACOUSTIC OSCILLATION

The event - Night Discussion on Baryonic Acoustic Oscillation was conducted to highlight the paramount importance of a rarely heard and discussed phenomena in cosmology. The club's notion of increasing awareness about various cosmological events like Baryonic Acoustic Oscillation was achieved through this event. The attendees were enthusiastic and active in discussion and had a multidimensional questioning perspective.

CONSCIOUSNESS & UNIVERSE

The first ever session was conducted during pandemic with agenda to have solid discussion on the topic Consciousness and Universe for all the interested astro-geeks. The event took place on 7th June 2020 online via the Zoom meeting app from 16:00 hrs to 17:30 hrs. Initially, the participants were divided into two groups- for and against. The discussion was conducted smoothly and ended up with a deeper understanding of the topic and with a meaningful approach towards the topic. Consciousness and Universe saw active participation from the audience.

Bela Raval

President, Bulls & Bears

BULLS & BEARS

The Financial Club

The 2 years at Bulls & Bears have been truly enriching in terms of the learning & tremendous growth that it has given me. Being able to work with the structure of the club as well as under the guidance of OSAIL, provided me with exposure that enabled me to better handle other aspects of life as well. Working with a team and putting together events that catered to the common goal of the club while creating beautiful memories has been the best part of the experience."

5	Friends With Academics Benefits (FWAB)	24th February to 27th February 2020

BAHI KHATA (THE UNION BUDGET: ANALYSED)

The event was in collaboration with Anirveda, the techno economics club of PDEU. The objective was to ensure that students are well aware of the various aspects of the union budget while also having their doubts clarified by experts in the field. The discussion was followed by a Q/A session, where the students were able to clear their queries regarding the budget. Questions about the state budget, states' reaction to union budget, tax slabs and corporate tax exemption, farming, loan waivers and investments were asked. The event helped the students in really contemplating what the budget is about, how to break it down, and how it affects individuals across the nation, and the nation as a whole.

FRIENDS WITH ACADEMICS BENEFITS (FWAB)

Friends with Academic Benefits was a tutoring program aimed at providing students with the options of taking tutoring in various core and non-core subjects. The aim was to prepare the students for the upcoming exams as well as build a long bond between the attendees & the Bulls & Bears team. The session included topics such as Economics, Accountancy, Psychology, French etc. The tutoring was provided by the Bulls & Bears members, along with additional notes if required.

Dhruv Thakkar
President, Cretus

CRETUS

The Robotics & Automation Club

For me, working as a president of robotics club was a great learning curve. It helped me to develop soft skills such as leadership, teamwork and communication skills while exploring robotics field continuously. I am honoured to be part of one of the developing community of robotics."

ADVANCE ARDUNIO WORKSHOP

After Basic Arduino Workshop there was knowledge-based workshop of the participants about Arduino and different sensors. The workshop was held to equip the students having basic knowledge of the Arduino to further discover versatile ways in which the Arduino can be used and interfaced with different sensors to build new projects.

IMAGE PROCESSING WORKSHOPS

Computer vision workshop was organized for 3 weekends – 6 sessions. The sessions were conducted by Mr. Kaustubh Sadekar – an Alumni of PDEU. The objective of workshop was help participants understand advance functions of Arduino. Participants were introduced to Python, Num-py and Open CV. Also the students were acquainted with R-pi and its applications.

MIT APP INVENTOR WORKSHOP

The workshop was conducted online where participants can acquaint themselves with MIT App Inventor and its application. The students learnt about the tools and functionality of MIT App Inventor. Participants were able to make weather app.

Vinay Khilwani
President, CiC

CUBE-I-CULT The Robotics & Automation Club

The experience of leading a club under S&T was truly amazing. I got to learn and experience a lot, founding and heading this club for 1.5 years as of now. I believe that this experience of work has truly sharpened my leadership qualities and team-working abilities. S&T & OSAIL Team was always a great support in organising the events and during the events."

TEACHING SESSIONS

These sessions were organized throughout the year where main motive was to teach the members different styles and techniques used in cubing either to improve their speed as a cuber or to help them solve a cube for the first time.

PRACTICE SESSIONS

With a goal to motivate club members and other students to practice regularly and participate in different cubing competitions organized by WCA. Cube-i-Cult Organized 4 practice sessions in which everyone got together and learned and practiced new techniques and cubing forms.

Tanmeet Butani
President, Encode

ENCODE

The Coding & Computing Club

It has been an amazing journey through leading one of the only computer science clubs in the University. The journey took me through two of the important aspects of life. One, doing your best to gain all the knowledge you can so as to improve yourself. Two, doing your best to share all the knowledge you gained as much as you can. It also taught me about the best leadership practices in real life, and how to implement them when you're leading a team which has a common interest but not everyone on the team is same. Also, I learned not to wait for opportunities but to convert my ideas into opportunities and chase them, as dreams are turned into realities. It also taught me to share an opportunity that I gained for the greater good of the goal. Overall, it has been an amazing experience going through it."

7	Codeathon Round 1	17th January, 2020
8	Flutter(Android) Workshop	24th - 26th January, 2020
9	Codeathon Round 2	7th Feb, 2020
10	Web development	8th & 9th Feb, 2020
11	Hash Code	20th Feb, 2020

FLUTTER (ANDROID) WORKSHOP

Flutter helps you build anything you can dream of from fast web applications to beautiful mobile apps. The workshop held on 24th January was an introduction to flutter and the dart language. On 25th and 26th a brief introduction and basics about flutter was taught. Coding on the Visual Studio Code was done and real time apps were made in the mobiles. Starting from the Hello World, then moving on to building some of the gestures, online- shopping app and unit-conversion app. It was a great workshop.

HASH CODE

PDEU, for the first time, hosted a hub for the Online Qualification Round of HashCode 2020. Top scoring teams from the Online Qualification Round were invited to Google Ireland to compete in the final round of the competition in April. A team of 2 to 4 people participated in the competition. The competition started at 11:30 P.M in which participants were given a problem statement which was to be solved in 3 hours. This competition was an opportunity for the coders to showcase their coding talents and get a chance to be with Google, the most well-known American Multinational Technology Company in the world.

Shuchi Patel

President, Envirofreaks

ENVIROFREAKS

The Environmental Club

I had a good experience of how things work. We learned a plethora of things like working in a short deadline, how to manage all the things during and before the event. Response from Osail was also good. Though we were faced with a lot of difficulties due to miscommunication among S&T and additionally because we weren't aware of how things work scarcely due to our advisors, the overall experience is astounding. We relished working as head and also with OSAIL."

5	Quizopedia	21st April to 10th May, 2020
6	Green Tales	7th to 24th June, 2020

ECOSCRIBE

Ecoscribe was a themed Online Blogging Competition. This competition was based on the theme "Single-use plastics in day to day life"; hence accordingly candidates had written blogs and try their calibre best. All the blogs received from candidates were posted online and the points were recorded according to the rules and few of the selected entries were published in ASPIRE magazine.

GREENTALES

Green tales was an online event organized on official social media page of Instagram & Facebook. All the participants sent their photographs along with the plants they nurtured in their gardens/farms. And also described their journey with plants and memories they share with it in the form of an appropriate caption. All the photos received from all the participants were posted online and the points were given according to the criteria mentioned in the rules.

Yash Bhatt
Head, Mind~Ripple

MIND~RIPPLE The Quizzing Club

“ Mind~Ripple for me has always been an exercise in community building rather than organizing. Not just the committee, but all the regular attendees share a strong bond and sense of belonging. Even during the pandemic and subsequent lockdown, alumni who used to attend the events got together with the current batch and held discussions to bring some sense of peace and familiarity to our troubled minds. I learnt that you don't need a big budget for events to be good, just interested people.”

ABOUT EVENTS

Respawn Club organize usually 4 events every year. In those events, many non-PDEU students participate every year. The Club's main focus is to play games like, improve coordination, improves problem-solving skills, etc. The club provides a platform where an individual can develop gaming skills, decision making, multitasking skills, and attention for the entire period of the game. The motive is to encourage the students to play games with proper manner and to become professional gamers.

Ashnil Mandaliya
President, SOM

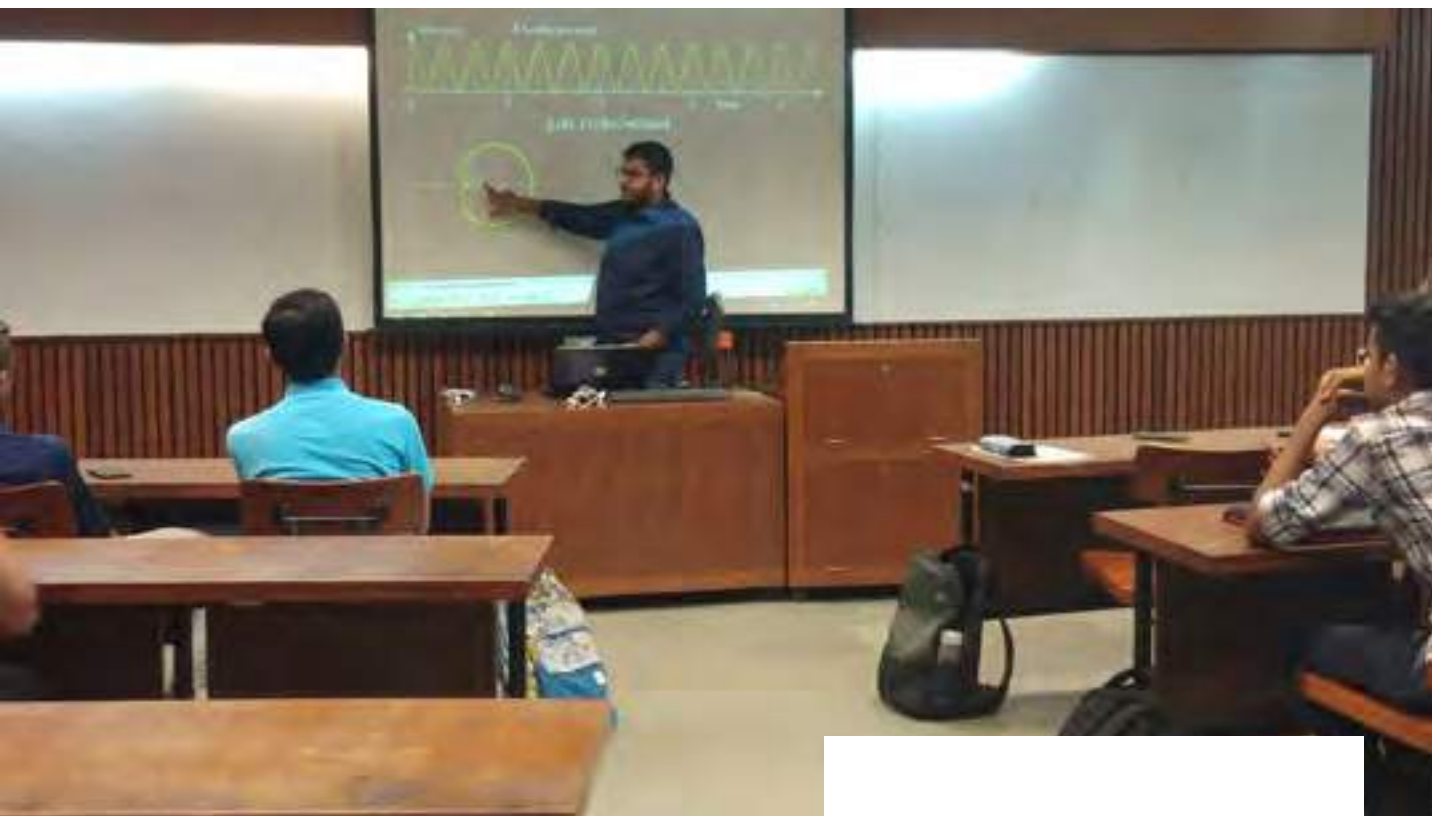

SOCIETY OF MATHEMATICS

I never thought that an idea birthing from a discussion at a local coffee shop would be one of the richest experiences of my college life, here at PDEU. Society of Mathematics is nothing but a place of comfort, openness, and acceptance for all the math lovers out there, me being one of them. It was truly an enriching journey to be the head of SOM. I must say that it's really different when you are leading a group of like-minded people with brilliant ideas and the vigor to take the field forward. No matter how big or small our events were, I enjoyed every single moment as the head of SOM. Being the head of SOM left me with one of the best experiences of my academic life and I'm grateful to my team, OSAIL, my mentors, PDEU and all those who have directly or indirectly helped and been a part of this amazing club."

PEER-RUN COURSE: MACHINE LEARNING

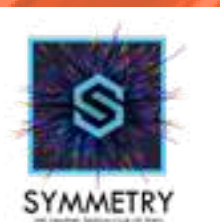

The event was managed by the member of Team SOM. Kudos to all the team members for constant back support and a successful event that summarized the viewpoint of SOM. The event was an induction to the core. It consisted of Anchit giving a brief of Machine learning. There was a sample algorithm showed by Anchit which was of linear regression.

UNLOCK

This online event (through Instagram) organized by SOM focused on traversing through childhood mathematics concept, to help participants brush back the basic building blocks of maths. This event also focused on creating a small fuzz during this stressful situation of Lockdown. The questions were based on real life problem, that inculcate problem solving, procedural approach, insight into how mathematics can help solve the real-life problems, and enhance the usage of algorithms. It included questions which needed some sort of algorithm to solve.

President, Symmetry

SYMMETRY

The Graphic Design Club

The year was full of possibilities. It was like a new sun for us guys who once dreamt to have a club dedicated to graphic designing. Sure, the beginning wasn't that great as it was a new concept, new team and all-new box of experience waiting for me and the team. Harivivek bhaiya was an amazing guide who passed the vision of having a Graphic Designing club to us and it was so great that it got planted in us like a seed and that same idea was passed on to the committee.

Working with the other heads was also full of great experiences where I had an amazing team to fall upon, was always there to support, like a spine to the club.

Overall it was an amazing journey where I feel lucky as I was chosen to lead this club and to be a part of such an initiative.

All credit goes to the team and the guides like Amrita Ma'am and Pooja Ma'am who were always there in our highs and lows."

HOLIDAY'S DESIGN

The event Holiday's Design was organized in May 2020 online keeping in mind current situation of pandemic. The idea was to provide aspiring designers a platform to learn and also to show their skills parallelly. The event was a success as participants were able to learn skill of their interest and showcase them. The main objective of this event was to provide the aspiring graphic designers a robust platform to learn and find a way out in this challenging time of adversity.

Radhika Chaumal
President, Synergy

SYNERGY The Entrepreneurial Club

Synergy has been one of the things that totally transformed my journey in PDEU. From a silent introvert girl who wanted to always disappear in thin air, to creating a rock solid confidence and extrovert personality while being able to connect with young innovative minds, I felt the enthusiasm, I experienced the energy, the excitement, the positive supportive learning environment, and watched enthralled at the speakers. The guidance & accountability I got through OSAIL helped me in solving real problems. You don't get lost building ideas in the dark. Instead, every aspect of your idea gets battle-tested in the light. It's the best decision I made in 2019!"

Events by **SYNERGY** in the year 2019-20

Sr. No	Event Name	Event Date
1	Introductory Session	15th August, 2019
2	BizTalk	23rd January, 2020
3	Prodictine Week	29th March to 3rd April 2020

BIZTALK

Synergy greeted the year with the event BIZtalk. It was a one day event conducted in presence of entrepreneurs including Mr. Shani Pandya, co-founder of IIC and Founder of Power Tree and Mr. Manoj Kumar, inventor of the brain of Smart Mask. The session was to discuss and let the attendee imbibe what the entrepreneurs faced, solutions they had, mistakes made and how to recover for the business. It was especially aimed at future entrepreneurs from all schools of PDEU, who wanted to learn about the reality of running a firm and stepping out to build one themselves. Such a hands-on learning experience of the respective speaker's 20-30 years of being in the corporate world in a two-hour session was appreciated by all. The event served the saying of Shiv khera, "Every problem gives new sets of solutions and every new solution gives new sets of problems". There were over 60 students present and eager to hear ahead.

PRODUCTINE WEEK

Synergy created opportunity amid the lockdown. The biggest issue that the Z generation faced was the total cut-off of their normal lives. Synergy took the opportunity and organised a week-long series of tasks which were designed to keep the responders' brains productive and fresh during the pandemic. Each task was introduced on Synergy's Instagram handle and ran for over 48 hours, the respondents had to keep a track of new events by following the page. The respondents would, on completion of the task, tag the page and nominate other participants. These tasks were easy to do and were especially designed to keep them productive with conditioning their brains by introducing them to new tasks that they otherwise would not have performed in their routine. By understanding the true meaning of productivity that is being able to do things that you were never able to do before.

Tathya Shinde
President, VGA

VGA The Film Making Club

It has been a great experience heading VGA. The position gave me an opportunity to interact with some very talented people and work on great projects. It has had a great impact on my qualities as a person and has allowed me to grow."

Events by **VGA** in the year 2019-20

Sr. No	Event Name	Event Date
1	Introductory Session	23rd August, 2019
2	Basic Filmmaking Workshop	13th October, 2019
3	Amazing Movie Night	8th November, 2019
4	CineShaam	9th November, 2019
5	Trailer Making Competition	11th Feb to 28th Feb, 2020
6	Movie Pictionary	26th May, 2020
7	Movie Screenings	4 movies in a Year

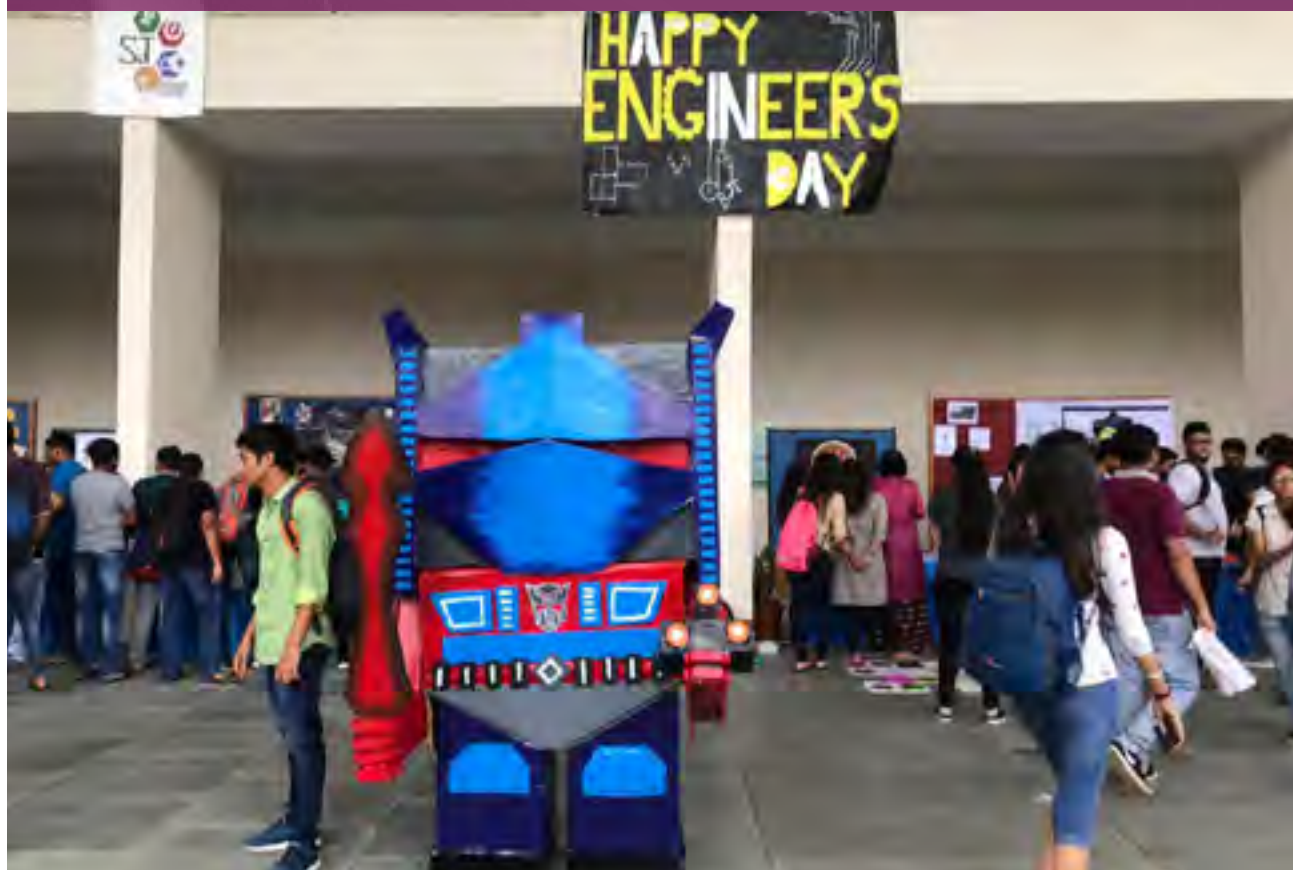

BASIC FILMMAKING WORKSHOP

The workshop was organized for 2 days where the first day of the workshop consisted mainly of scriptwriting and cinematography. The scriptwriting session was led by one of the members of the club. Through an interactive session, videos and various tasks, the member was able to convey the parts and significance of scriptwriting. The cinematography session consisted of teaching different parts of the camera and different kinds of shots used in a film. The second session conveyed the significance of sound in filmmaking. The editing session included all the attendees using their laptops and editing some footage that was provided by the club, followed by a task culminating all the aspects of filmmaking. Overall, the workshop was a success and this workshop helped the attendees in sorting out which path they want to pursue in the club and gave them a morale boost and team building experience.

EVENTS BY SCIENCE & TECHNICAL COMMITTEE (S&T)

ENGINEER'S DAY CELEBRATION

On the occasion of Engineer's Day celebration, the Science and Technical committee hosted the theme launch in the Auditorium. The events started at 10 am with the activities of the various clubs of PDEU. The moment one set foot in the auditorium, one could feel the excitement for Tesseract 6.0. Almost around 500 students from all schools of PDEU showed up at the event which was followed by a short film screening by VGA, next was the showcase by Alchemy- the Chemistry Club of PDEU.

As the time for the theme launch approached, the highly enthusiastic audience tried to guess the theme. The much-awaited time of the year unfolded through the teaser by VGA and the screen shined bright and clear- 'SCIENCE FICTION, Turning Imagination into Reality'.

TESSERACT 2019

'TESSERACT' is the Annual Science and Technical Fest of Pandit Deendayal Energy University which talks about the quest for knowledge. Literally, meaning the four-dimensional analogy of a cube, Tesseract links the depth and complexities of science with an elementary cube. It goes hand in hand with the aim and vision of the university, to make science simple.

Tesseract'19 celebrated its 6th year of celebrating Science and putting forth numerous innovations and ideas by participants from all majority of the schools and colleges across Ahmedabad and Gandhinagar. Technology, Imagination and Engineering go hand in hand creating and shaping not just how we utilize the environment around us, but also shapes our culture accordingly. Science Fiction and its close connection to technology has enabled many minds across the chart to wonder what would happen if science flourished to an extent that was beyond the scope of contemporary tech. From the robust philosophy of AI to a future that will have flying cars in it, Science Fiction not just enables intuition and imagination but enforces ideals that were never explored.

The theme- '**Sci-Fi - Turning Imagination into Reality**', was successful in attracting all the inquisitive minds, where innovators explored new horizons of dexterity, and ambitious, aspiring minds united alike. Tesseract aims at encouraging people to unleash their innovative potential, and flesh out ideas spanning multiple dimensions - robotics, brain games, workshops, exhibitions, guest lectures, and gala show, that left everyone in awe.

8th November 2019

Sr. No	Event Name
1	The Inaugural Ceremony
2	Amazing Movies Night

THE INAUGURAL CEREMONY

The Inauguration ceremony is an important aspect that marks the commencement of new beginning by worshipping the lord. It started off with lighting of lamp by a group of dignitaries. Dr Nishant Doshi, the faculty in charge of School of Technology (SoT) addressed the students by stating the importance of imagination and how one can apply its power in the real life by helping the mankind. Dr T.P. Singh, the dean of Students' Affairs' shared the motto and rationale behind conducting this Tech Fest. Aman Agarwal, the General Secretary of S&T expressed his deepest gratitude by giving a vote of thanks to everyone concerned. We also had with us Mr. Sunil Ambade from International Automobile Centre of Excellence (IACE), Maruti Suzuki Ltd as our Guest of Honour.

AMAZING MOVIES NIGHT

One of Video Graphics Association's (VGA) flagship events, Amazing Movies Night is a short film screening of films submitted by students from colleges all over India. The entries are of two categories: **Flicker's Avenue 9.0** – An Open Theme Filmmaking Competition where colleges from all over the country submit their films. **Personal Film Making Competition** – An Open Theme Film Making Competition challenge submitted by students interested in the craft of filmmaking in the categories: Advertisements, Vines, VLOGs, Music Videos.

18	Qarnival
19	Apocalypse

THE GRAVITY WELL

"Gravity Well"- The demonstration event of the astronomy club, Brahmand is the perfect representation of Einstein's Gravity explanation. With its setup in D block foyer, it attracted a lot of enthusiasts and sciencophiles taking the footfall to over 150 people. The event started at 10 AM and continued till 6 in the evening. A heavy ball was placed on a stretched fabric tucked from all the sides. This created a perfect model for explaining concepts like orbiting and black matter. Space time coverage along with Einstein's Gravity was well explained by the club members. The rush of the event lit up the foyer with a technical vibe tying astronomy to physics and chemistry together. Along with that, the spectators including school kids brainstormed and asked questions making the concepts clearer.

TENDER FILING WORKSHOP

The event focused on a guest lecture in which the lecturer explained three planning of a residential house as per the law (GDGR) -

1. Amenities provided
2. Size of various rooms
3. Floor space index as per the accommodation

Participants interacted with the lecturer about the utilities provided to the hostel building such as the height, safe exits, corridor spacing, water requirements, and canteen space provided to it. The lecturer gave a brief idea about the quantity and estimation of a general residential building i.e. 45% labour cost, 25-30% material cost, 10-15% form work and scaffolding. The lecture ended with doubt clearing and thanking the guest for the wonderful event.

ALEXA SKILL DEVELOPMENT WORKSHOP

Encode the Coding Club of PDEU organized the Alexa Skill Development Workshop. The workshop was a 6-hour session from #1 Voice Ambassador of Voice Summit 2019, Mr. Nimesh Solanki, which began from scratch. Encode presented a golden opportunity for all the tech geeks as they learnt to develop their own Alexa Skills.

The students could practice the code on the PCs or on their own laptops. The step by step codes were taught to the participants as they designed and developed their Amazon Alexa. Students from several colleges got a hands-on-experience of coding as they learnt more about the modern-day Voice Recognition Interface. The footfall of the event was 150. Overall the workshop was a great experience as it brought the skills of Artificial Intelligence right here in the campus!

PARLA TECHNOLOGY

The multi-dimensional perspective on sustainable goals and technology was provided by Alchemy, The Chemistry Club of PDEU in their event- Parla technology. The event comprised of different roles like Prime minister, Home minister, Finance minister and others who debated against the opposition leaders on topics related to: Affordable and clean energy; Industry, Innovation and Infrastructure and Climate Action. With a footfall of 70 people, the event touched on different perspectives just like a parliamentary debate. A realistic approach of decision making, it's pros and cons along with overwhelmingly impressive speeches on existing problems were presented.

GAME OF LINES

Cretus, The Robotics club of the university basically tries to instill robotics and automation to the interested individuals working their hand behind electronic parts and various circuits. To endeavor the same, they organized an event called Game of Lines at E block foyer. The game consisted of making a line following robot (LFR) where the bot has to cover the track in given time. Lesser the time it takes, more are the chances to win! To maintain the efficacy of the game, they did a specification test that dealt with the bot's dimensions and electric components followed by a trial run. Once it was done, the bot was set for the final track. With a footfall of 50 participants, it witnessed 150 people in total. The event aimed to develop one's technical skills and time management.

HUMAN RELAY RACE

"United we stand, divided we fall", is what the Aatman club, the psychology club of the university believes in. Applying the same in event, they had arranged four games which focused on psychology skills namely coordination, alertness, risk-taking, unity and understanding. With a footfall of 50 people, the relay race was all fun and frolic. People had a great time having the taste of the game. All in all, it was a fun filled event full of knowledge and its application in real.

MATRIX BREAKOUT

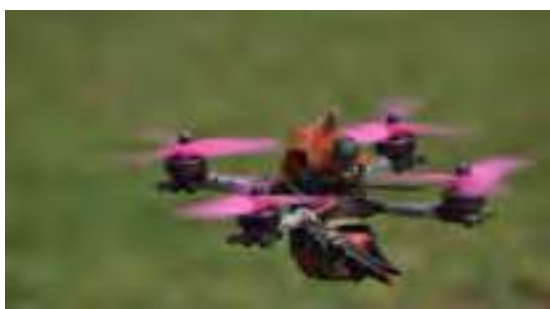

Mind Ripple- The quizzing club of PDEU has come up with an innovative quizzing idea this Tesseract- 'Escape the room.' In this event the participants enter a room set-up at the S path. Several puzzles and questions were posed upon the participants. The one who solves the puzzles 'escapes' the room and wins the event. It is a two-day event with the final rounds taking place tomorrow. The footfall of the event was 100. With such an interesting idea of a quizzing game, the event of day 1 concluded on a good note.

GUEST LECTURE BY DR. URBASI SINHA

"Quantum Particles can be entangled not only through space, but also through time." On the second day of Tesseract 2019, a guest lecture on "Fascinating World of Photons, Superposition and entanglement" was organized. Guest lecture was given by Dr Urbasi Sinha. She is an associate professor at the Raman Research Institute in Bangalore. The students got the knack of quantum technology and quantum system by attending this expert lecture. The lecture was scheduled at 11 AM. The witnessed a footfall of around 70 people.

AEROSWEEP

Aerosweep – National Drone Racing Competition in collaboration with IDRL. IDRL is the first and largest drone racing league in India that conducts fierce racing battles at top universities. Aerosweep '19 is a 2 day-long event where the pro pilots will compete against each other to cover the specially designed track. The onlookers experienced the unique drone racing and became a part of the vigor. The event took place from 2PM to 6PM at the PDEU's Cricket Ground. There were total 20 participants from all around the country.

10th November 2019

8	Astro-Hunt
9	Code Wars
10	Human Board Game
11	Robo Soccer
12	Automobile Exhibition
13	Breaking Business
14	The EDM Night!

TESS-RUNN

Every year students of Pandit Deendayal Energy University (PDEU) organize Tess-run, the biggest and the brightest event in Tesseract, tech-fest of PDEU. Tess-run is an 8.5 untimed marathon organised in support of a social cause with an objective to promote a healthy lifestyle and improve wellness through an event that is fun for all ages, backgrounds, and fitness levels with the main motto of Social Awareness and development.

This year being the fourth instalment of Tess-run, students have organised Tess-run 4.0 to celebrate "Orphans' Sunday" on 10th November 2019. The event commences with a marathon for which more than 400 participants from all over Gujarat have gathered to support the noble cause.

GUEST LECTURE BY DR. C.M. KISHTAWAL

A guest lecture was organised in which PDEU had the privilege of having Dr. C.M. Kishtawal senior scientist, atmospheric and ocean sciences group space application centre, ISRO. The lecture comprised of various ways in which satellites are used for observation of climate and weather changes. Minute details such as the how global warming is affecting the structure of Earth, melting of ice caps, pollution, changes in the ocean, different types of satellites used. Science enthusiasts filled majority of the classroom. Not less than 60 people attended the lecture.

BAZAAR

It was a Stock Market Simulation where participants played around with some mock cash and shares. They could buy, sell, trade and experience the thrill of news flashes, ups and downs of the market. The event began at 9 am. Stalls of several companies from different sectors were setup with detailed booklets about the company's position in the market. The participants who were the traders had to buy and sell stocks to build up a strong portfolio. A live portfolio ranking and company market ranking was displayed. The trader with the strongest portfolio wins the competition. With about 100 enthusiastic participants, Bazaar experienced the hustle of a real stock market.

LABYRINTH

Guide your bot through the maze! Cretus the Robotics club of PDEU organized Labyrinth at the E block foyer from 10 to 1. In the event participants had to build a bot with a mobile camera and flashlight that could navigate through the maze and save the Princess in distress. The rescue bots navigated through a maze in a dark room, picked up a the block and came out. The team that completed the task in the minimum time won. The event witnessed the participation of many teams with highly advanced robots. With a footfall of around 60, the event attracted many tech geeks and robot lovers.

HUMAN BOARD GAME

The Mind Ripple club of PDEU organized an event called Human Board game where people answer the questions ranging from science, mythology to literature and anything under the sun. The participants had to throw a dice and face various consequences in the game. The number they land on integrated the hardness of questions, thus scoring points. The game was all about trivia infused with board games. It consisted different rounds in team of two. The event observed nearly footfall of 30-35 people.

ROBO SOCCER

Flip off is an event where the participants have to build bots for Robo-Soccer. Each match is of 2 minutes. The team which scores maximum number of goals in the given duration will be the winner for the match. Then the further matches are amongst the winning teams. The competitions were judged by the committee members itself which makes it intriguing for all those who are watching and participating in the match. Being one of the most awaited events of the year with the participants working and building their robots for the competition, the zeal and hard work of the members pay off with utmost enthusiasm of the participants and the audience. It's a must attend event!

AUTOMOBILE EXHIBITION

With over a footfall of 2000+ students, enthusiasts and professors, the automobile exhibition by International Automobile Centre Of Excellence was a very successful showcase done at the E-block foyer in PDEU. International Automobile Centre Of Excellence (IACE) is a world class training institute set up by Government of Gujarat which caters to the developmental and training needs of the automobile ecosystem. The exhibition hosted latest state of the art infrastructure and technology along with cut-out sections of systems like Fortuner, models of Maruti Suzuki and the main limelight of the event "Prius PHV- Plug in Hybrid", the 1.5Cr Electronic Vehicle of Toyota. The institute claims to provide holistic and realistic approach to students wanting to pursue career in automobile engineering. With its four different programs and 66 days of on the job training, the exhibition attracted a lot of curious students.

BREAKING BUSINESS

It's a business simulator, which explores the Creative, Innovation and Economical skill to make, run and handle a business. It covers the pitchers, which are the creator of a product and investor, who has capital/money. This event pertains to the highs and lows of a business simulator in an interactive manner. It took place in DLT-3, PDEU. The footfall of the event was around 40 people.

THE EDM NIGHT!

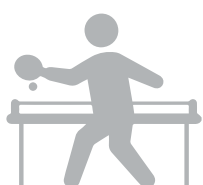

There's no better way to end the 3-day Tech-Fest than dance to the electrifying beats of Ritviz! Ritviz is a Pune based DJ, Singer and Hindustani dance music Producer. His music is bass heavy and rich in eastern sounds owing to his training as a Hindustani classical musician since the age of 7. His songs had us tapping our feet to dancing the night away. The footfall of the event was around 1500. Students from PDEU as well as from outside had been a part of this concert. The concert took place from 8 PM to 11 PM. The end of the concert was followed by the closing ceremony of Tesseract 2019. A token of acknowledgement was given to all the core committee members of Science and Technical committee, Faculty Coordinators, Artists, Housekeeping and Security Departments.

SPORTS COMMITTEE

The Sports Committee encourages the students to participate and organize sports event, giving a platform to students to showcase their sporty spirit. The club tries to engage students with fields by organizing coaching camps on different sports like basketball, volleyball, football, kabaddi and lawn tennis. The committee tries to build up qualities like teamwork, sportsmanship among students by organizing events like Intra-University Tournament and PetroCup'20 Inter University Tournament. OSAIL helps students to run activities and handle more than 18 different sports.

"Sports Committee has been working efficiently and professionally. Internal coordination and team has been improving. PDEU has aced in providing sports facilities and equipment's. Hoping for the same guidance and support. OSAIL and faculties related to Sports Committee needs to show more faith in working committee and provide optimum internal support. With that Sports Committee can achieve new heights than ever before."

Darshit Sherathiya
Sports Committee, PDEU

Parth Patel
President, Punnerva

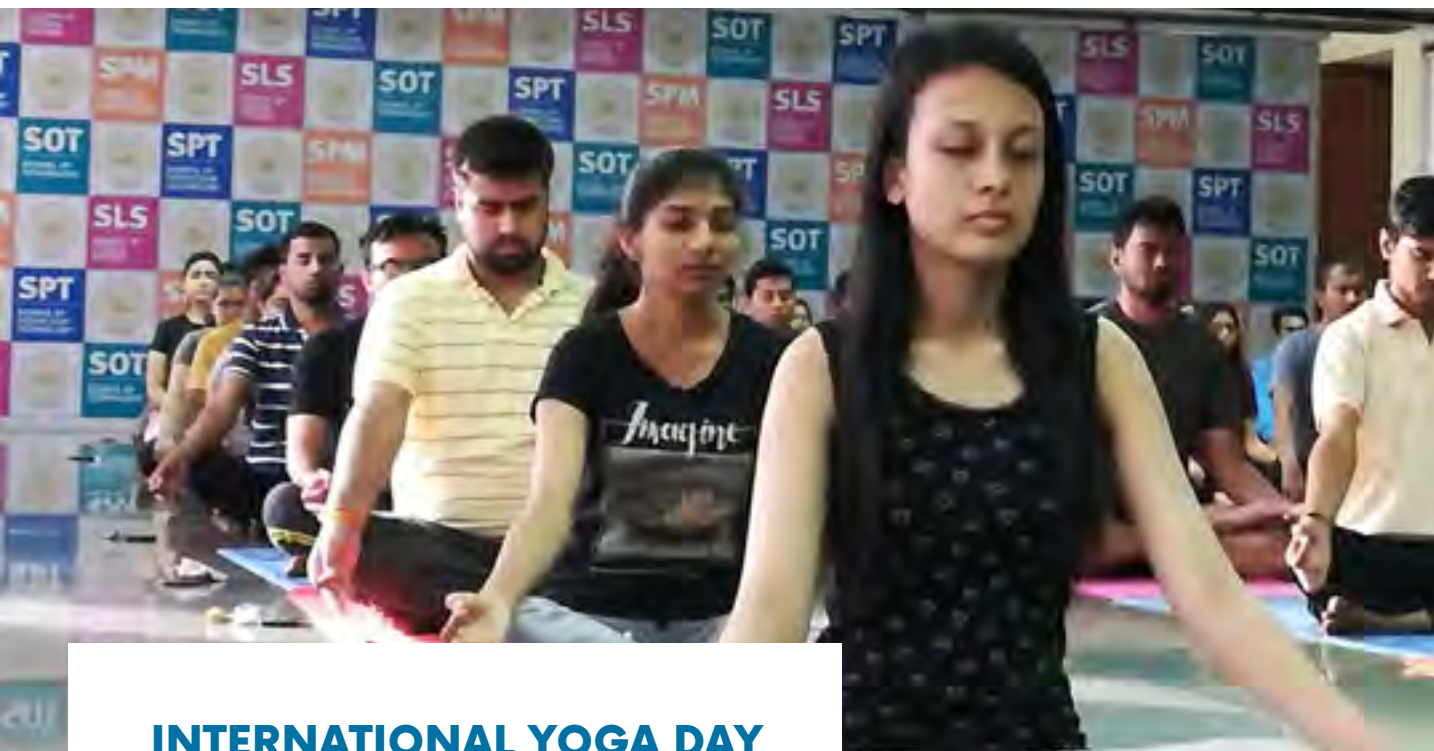

PUNNERVA The Yoga & Meditation Club

It is my honor to present you with this testimonial. It has been always my pleasure to work with the Punnerva Club. This club gave me so many experiences and opportunities to grow myself as a better individual as well as club. When I took over this club, it was in its infant stage (only 2 years old), but I had high hopes for it. I along with my committee had a vision for better fitness of students, both mentally and physically so that they can unleash their full potential. With some of the most amazing yoga enthusiasts and practitioners in my team, I can proudly say that fitness level of students was coming to good shape after our regular sessions and workshops. We had also set the bar high with the success in the Khel Mahakumbh and Petrocup."

Events by **PUNNERVA** in the year 2019-20

Sr. No	Event Name	Event Date
1	International Yoga Day Celebration	21st June, 2019
2	Aarambh - Introductory Session	3rd August, 2019
3	Khel Mahakumbh	30th August 2019 onwards
4	Hatha Yoga Session	Thrice a week
5	Suryanamaskar Drive 1.0	16th to 20th October, 2019
6	Yoga Camp	27th to 29th November, 2019

INTERNATIONAL YOGA DAY CELEBRATION

Punnerva celebrated the International Yoga Day on 21st June, 2019 with the new batch of School of Petroleum Management. As per the guidelines of our Hon'ble Prime Minister Shri Narendra Modi, various Yoga Asanas were performed during the event. The Yoga Asanas were conducted for about 1.5 hours.

YOGA CAMP

A Yoga Camp was organized by Punnerva from 27th – 29th November to make the participants aware about the upcoming Yoga Competition during the Petrocup'20

The camp was also aimed selecting the various students and making a team of 8 participants for the Petrocup'20 who will be representing the PDEU during it. The camp was taken up by the participants of Petrocup'19 who brought the medal for PDEU and to help the new participants in winning this time also.

Priyank Barbhaya
President, Step Up

STEP UP The Fitness Club

I loved the fact that I got the opportunity to introduce a fitness club in PDEU and the support shown from OSAIL was good. I would love to see more and more students along with OSAIL's support to come up with more innovative clubs in various fields. The best part for me about the club was my experiences with all the members and participants of the club events. I got to interact with so many interesting people. We all worked together, played together and celebrated together. I felt so proud of the whole team (who are more like friends than team members) when I saw participants pulling a whole car by themselves in the Extreme Gym competition, that type of extreme competition was never done in the history of the college! Those memories will be cherished forever."

Events by **STEP UP** in the year 2019-20

Sr. No	Event Name	Event Date
1	Introductory Session	10th September, 2019
2	Fitness Workshop	19th November, 2019
3	Workout Session	Daily - Morning

DAILY WORKOUT SESSIONS

In the year 2019-20 Step Up conducted the workout sessions regularly at 6:30AM in the morning. Various students with distinct motives such as to reduce fats, to gain fats, to maintain the stamina, to build up the muscle strength or just to maintain a healthy lifestyle, etc. came to the session, and accordingly, every individual was paid personal attention. Different workouts such as Zumba, Yoga, Abs, HIIT (High Intensity Interval Training), and Jogging, CrossFit, Fitness games and circuit are carried out in a week. These different forms of workout ensure that the students remain interested and not feel fatigued.

EVENTS BY SPORTS COMMITTEE

FRESHER'S SPORTS WEEK

Across the world, Sports are considered to be a uniting force that unites people from across borders, caste, creed, race, religion, and gender. PDEU Freshers' Sports Week is a live example of the same. Every year when new students enter the campus after the strenuous induction process, they are given an opportunity to indulge themselves in sports.

This sports week, organized from 3rd to 5th September 2019, also facilitated socialization and introductory needs while also serving as an ice-breaking session. The Freshers had a wide variety of sports to choose from like Football, Table Tennis, Basketball, Chess, Carrom, Volleyball, Cricket, Kabaddi and Tug of War, all these sports were played with a fun and informal twist. PDEU saw great enthusiasm and sportsmanship these three days.

INTRA UNIVERSITY TOURNAMENT

Intra University tournaments are an excellent way for students across batches to come together and enjoy friendly matches. While there is healthy competition among the batches, it is also a chance for students to get a taste of what it is like to play for the university, with some joining the teams, and some just having a good time.

Intras also are a way to get the campus a much needed dose of adrenaline and school spirit, with inter-university events just lined up. Following are the dates for the Intra University matches held in 2019.

KABADDI

9th to 14th October

Winners - SPT '16

VOLLEYBALL

COACHING CAMPS

Coaching camps were organized by the Sports Committee for Basketball, Football, Volleyball, Kabaddi, Handball, Chess, Carrom, Cricket, Lawn Tennis, Yoga, Skating, Frisbee, Taekwondo and Table Tennis. All the interested students took part in the coaching camp and witnessed the enthusiasm held by other participants and spectators.

The coaching camps were conducted from August 2019 to January 2020 across different sports, for improvement of the players and the teams. Various fitness exercises, game techniques and individual suggestions were given by the respective coaches.

The fitness of the players was given more importance which is useful for the newcomers. Both male and female players were coached during the evenings. Practice matches were also included to increase the competitive spirit among the players. The coaching helped the students hone their skills for the upcoming tournaments.

The final list of the university team was declared based on the individual performance of the player in the probable list during the coaching camps.

PARTICIPATION IN TOURNAMENTS

KHEL MAHAKUMBH

Victory is in the quality of competition and not the final score, is something we at PDEU have always believed in, irrespective of the field being education, extra-curricular or Sports. This thinking process of our players has always helped them in bettering their best and our sports teams have proved it time and again. Khel mahakumbh sees a lot of participation every year from all over the state of Gujarat and offers healthy and tough competition to all its participants. This year, the tournament was held in September, 2019.

The Girls Basketball team made us proud as they emerged out as winners whereas our boys team managed to be runners-up by giving a tough fight till the end of the game. The lawn tennis players displayed their preeminent performance and rose victoriously as winners in doubles and runners-up in singles. The skaters in both male and female categories were raised as runners-up.

GLS TITANIUM JURAL FEST

The GLS Jural Fest was held from 17th to 21st October, 2019. The location of the event was the GLS college located in Ahmedabad. Sports included in this fest were Athletics, badminton, Basketball, Chess and Carrom, Cricket, Football, Kabaddi, Table Tennis, Volleyball and Swimming. Other than PDEU, all colleges from Gujarat participated in the fest.

All the players showcased great enthusiasm and the results are as follow:

Sr. No	SPORTS POSITION
1	Athletic Girls FIRST
2	Athletic Boys FIRST
3	Basketball Boys FIRST
4	Basketball Girls FIRST
5	Carrom Boys FIRST

Boys - PDEU boys lost in semifinals against KSV
Girls - PDEU girls winner of justice league
Final was against GNLU

Basketball

Boys : 3rd place
Girls : knocked out in the group stage

Carrom & Chess

Carrom: PDEU winner

PETROCUP 2020

Petrocup was founded from a common love of sports. Petrocup has through the years, has grown by leaps and bounds, now hosting 18 official sports. We have seen it evolve. We have seen it expand. We have seen its triumphs. We have seen its glory, which it has never failed to deliver!

Petrocup 2020 was the 12th edition of Petrocup, and this has been an exhilarating journey. What was once a small event on the grounds at PDEU is now the biggest college fest in the western region of the country and yet it continues to grow year by year. PDEU for years, has kept society's welfare as one of its main principles and has also appreciated the importance of those who have contributed to it. We describe this fest as "BLAZE OF GLORY", for this showcases the fest in its true spirit. Petrocup now hosts 18 sports and more than 100 Universities across India with international participation in almost 8 to 9 sports competing over the glorious Petrocup trophy. Over 6000 students participate, and the total footfall adds up to 9500.

INTERNATIONAL PARTICIPATION

This year, for the very first time, we had a separate team for international students of PDEU which in itself is a milestone achieved for international participation within our university. Teams from ICCR, Ahmedabad graced us with their presence for the third time in a row, adding a beautiful range of diversity across students and giving them the much anticipated exposure to international students. More than 65 PDEU International students took part in the Petrocup and got the exposure to competition and were able to gel well with the local students.

List of Games in PETROCUP'20

- Athletics (Boys & Girls)
- Badminton
- Basketball (Boys & Girls)
- Carom
- Chess
- Cricket
- Football (Boys & Girls)
- Kho-Kho
- Kabaddi
- Lawn Tennis (Boys & Girls)
- Table Tennis (Boys & Girls)
- Taekwondo (Boys & Girls)
- Volleyball (Boys & Girls)
- Handball
- Ultimate Frisbee
- Extreme Gym
- Yoga
- Skating

INAUGURATION CEREMONY PETROCUP 2020

The Inauguration Ceremony is one of the most important events in the entire Petrocup as it marks the beginning of the five-day-long sports fest. The crowd was pumped up to witness one of the most important events of Petrocup that marks the beginning of the fest. As our chief guest, Munaf Patel arrived, he was welcomed with zeal and enthusiasm by the students on his way to the venue. The event started with a brief introduction of the Petrocup. Dr. T.P. Singh sir felicitated Munaf sir and Captain Dilip Mahajan with a bouquet. Shreya Panjwani, from the Yoga club of PDEU, gave an excellent performance of rhythmic yoga. She amazed the audience and the guests with the flexibility and stability in her postures. It was followed by the torch run by the enthusiastic players competing in 18 different sports events! The flame of the torch was lit by Munaf Patel. Munaf sir shared his own story of struggles with the crowd. It was touching and it left us all in awe of the man he is. His struggles are one of the best teachers and inspirations one can have and even after the heights he has scaled, he remains true to his roots. It is important to have a fair game and all the team captains signed the declaration of fair play in the presence of Munaf sir. And we ended the opening ceremony on a high!

PRE - PETROCUP EVENTS

TUG OF WAR 23rd to 28th January

Tug of war is a sport that pits 2 teams against each other by testing their strengths. Tug of war matches in Petrocup '20 were completed in a best of three format except the finals, in which a best of five format was used. The matches took place near the Fest Room where teams of ten players were on opposite sides of the rope, with the objective of bringing the rope in one direction against the force of the opposing team pull. All the teams were energetic and enthusiastic, supported by a cheerful and lively audience. The semi finals had a dramatic twist added due to some misunderstanding which was enjoyed by the audience to the fullest. They cheered for both the teams till SLS '17 won the finals beating SPT '16 in a very tough, neck to neck competition.

NEON RUSH

The Petrocup is incomplete without its late evening marathon- Neon Rush. This year, the 4th edition of Neon Rush was held on 30th January. This year, we saw a large participation number, including the students and faculties. Neon Rush 4.0 was graced by the presence of Col. P. Damodaran of the 9th battalion as our esteemed chief guest, Mr. Anil Markana, and Mr. T. P. Singh. Neon Rush is a 10 km marathon, where the participants run the entire track of the marathon wearing neon-colored t-shirts and neon bands. The students of PDEU- both national and international as well as the faculty members of the institute participate in the Neon Rush. The Neon Rush 4.0 was flagged off by our chief guest. Neon Rush has always focused on spreading a message along with having some fun. This edition of Neon Rush was all about spreading a sense of oneness and appreciation for the unsung heroes of the nation, the Indian Army especially the Martyrs. This edition of Neon Rush moved with the tagline of "A run for the Unsung Heroes". The participants during the run were provided with refreshments. The winners of the run were awarded medals along with certificates by the chief guest. All the participants who completed the run were awarded certificates.

UMANG

Umang believes creativity is as important as Literacy. It intends to aid the students to become responsible citizens who contribute their share to the society. At the same time, wishes Umang to develop into a bigger and stronger extended family of teachers and students. Schools are where strong foundations are built. There is a need for new IDEAS to percolate into the running of schools. Government schools face huge challenges in the form of student dropouts, lack of facilities, and staff shortage among others. Even when such challenges are not so imposing, teachers are expected to fulfill a range of duties other than teaching the students. It is thus inferred that government schools could use help in the form of volunteers who could aid and assist the teaching process. Umang strives to bridge any gap in the current system of education and assist the process. The already existing formal setup in the form of government school will provide an easier environment. The curriculum would try to focus on social topics like environment, gender issues, agriculture, etc., through the medium of storytelling and experiential learning modules. The curriculum will be designed in a manner, which shall be sensitive to the culture and language without being bound by any shortcomings. The effort will be to enable the volunteers to form lasting value based bonds with the students. This shall help not only the students of PDEU in their own development but also the students of the school. Both sets of students will be able to learn through one another and grow as individuals in a collective manner.

ART AND CRAFT DAY

Project Umang organized an 'Art and Craft' activity Day for the primary students of Vald Prathmik Shala, Valad, Gandhinagar on 7th of September, 2019. A total of 50 Students participated in this event.

The motive behind this event was to bring out and enhance the creative and artistic skills of the students and to give them a change from their regular monotonous routine of studying. We had an overwhelming participation from the students more than expected. The coordinators just had a little difficulty managing the kids due to the overwhelming number of participants. Special Thanks to the SLS Audit Team for their generous contribution in the form of water colours, acrylic colors and pallets.

ENGLISH, MATHS AND GENERAL KNOWLEDGE CLASSES BY UMANG TEAM

Project Umang organized and English grammar & Maths session for the primary students of Valad Prathmik shala, Valad Gandhinagar on September to November. More than 50 students participated in all the sessions. The motive behind the was to enhance kids knowledge along with creating a system to build a healthy, vibrant and caring communities. The coordinator from Umang went thrice a week to took English maths and GK classes where they taught alphabets and new words to kids. Coordinators also took maths classes' addition, subtraction, division and number system. Umang coordinators also took session on general knowledge.

VACATION WORKSHOPS COMMUNITY DEVELOPMENT INITIATIVE

COMMUNITY DEVELOPMENT INITIATIVE (CDI) 2019 was an initiative taken by the Office of Student Activities, Involvement and Leadership (OSAIL), PDEU. This was the 10th edition of the program. Different types of workshops were conducted for children from different villages over the course of three weeks, from 13th May to 31st May 2019. The workshops were held in morning from 9:30 to 11:30, to develop the skills in several extra-curricular activities. There were seven different for children to choose from. Those included Art and Craft, Drama, Mehndi, Terracotta, Computer, Dance, English Learning.

Many students from nearby villages participated in this workshop. Mainly students were from Valad, Bhatt, Jethipura, Raisan. Each village had two volunteers appointed to bring students to PDEU and take them back.

An opening ceremony was held on 13th May inviting all the students to attend the workshop. Also a closing ceremony was held where all the students showcased what they had learned throughout the 15 days of workshop. All the students were given a kit at the end of the workshop which consisted of a bag, lunch box and a bottle. Food was also provided to children every day after the workshop.

TERRACOTTA

Terracotta workshop was conducted by Mr. Laxmilal where students learned how to make different types of objects from mud. This brought out the creativity within them and help explore the root of Indian tradition. All the students worked very to make different types of objects like glass, piggybank etc. All the items which were made by the students were displayed in the closing ceremony

ART AND CRAFT

Art and craft workshop was conducted by Zinnat Ma'am and Sapna Ma'am. This workshop also brought out the creativity of the students. This workshop inculcated the idea of world as a canvas in the children. All of them made bunnies, bullock cart etc. from the paper in the supervision of Zinnat Ma'am and Team. All the art work was exhibited in the closing ceremony

COMPUTER

Computer workshop was conducted by Falguni Ma'am. This workshop focused on teaching students basic MS Office. Topics were ranging from Paint to Excel. Student were taught the basics of each software. The main objective of these workshop was to connect the students to technology and inculcate curiosity about the computer.

DANCE

Dance workshop was conducted by Chintan sir. In this workshop students were taught Bollywood dance. The main aim of this workshop was that students can explore their talents as a dancer. The routine which was taught to the students was performed at the closing ceremony. All the students enjoyed this workshop every much.

DRAMA

Drama workshop was also conducted by Chintan sir. The workshop started with lot of breathing exercises to enhance their voice and then moved on to perform the play. The play was enacted during the closing ceremony. It was very much appreciated by the audience. Students also enjoyed this workshop.

MEHNDI

Mehndi workshop was conducted by Ms. Biral Doshi and team. This workshop was conducted mainly for girls. They were very enthusiastic about leaning mehndi designs. They started the workshop with practicing in the drawing book and then with mehndi cone. Their mehndi designs were displayed in the closing ceremony.

ENGLISH LEARNING

The main aim of this workshop was to develop Basic English speaking skills in the students so that they can interact in English when necessary. This workshop was conducted by Darshana Ma'am and Mallika Ma'am. Students were taught English using various Medias like music and movies. In the closing ceremony students performed a piece taught to them during the workshop.
