

PANDIT DEENDAYAL PETROLEUM UNIVERSITY

| SCHOOL OF NUCLEAR ENERGY |

FACULTY POSITIONS

PROFESSOR
ASSOCIATE PROFESSOR
ASSISTANT PROFESSOR

Pandit Deendayal Petroleum University (PDU) is a research-led University established by the State Act in 2007 and is promoted by Gujarat State Petroleum Corporation (GSPC).

School of Nuclear Energy (SNE) aims at developing nuclear engineers who can effectively undertake career assignments in the global civilian nuclear power and other applications. The School focuses on developing an inquisitive and capable workforce that has a thorough understanding of nuclear engineering and is ready to contribute to both the local and global civilian nuclear industry. The School currently offers the M.Tech. Programme in Nuclear Engineering.

Applications for faculty positions are invited from qualified and highly motivated candidates in fields related to Nuclear Power Plants, including Nuclear Reactor Theory & Design, Reactor Thermal Hydraulics, Nuclear Power Plant Engineering, Nuclear Fuel Cycle, Electrical Systems, and Process Control. Candidates with appropriate qualifications and academic or relevant industry experience may apply for the positions of Professor, Associate Professor or Assistant Professor.

Faculty at PDU facilitates the creation of a unique learning environment based upon academic freedom, self-monitored standards of excellence and an open process of interaction with students.

SNE offers an attractive remuneration package, research infrastructure and initial research support, liberal sabbatical and consultation norms. Gandhinagar-Ahmedabad area offers comfortable housing, excellent schooling, healthcare, entertainment, etc. for enjoyable living. Website www.pdpu.ac.in offers additional information on PDU and SNE.

Interested candidates may send their resume with three (3) references, teaching areas and a research proposal by email to DirectorSne@pdpu.ac.in, no later than February 17th, 2010.
