The following points were discussed in the BoS meeting:

- BoS approves the minutes of the previous BoS meeting.
- As suggested by the Director, SoT, the BoS approves the increase in intake for the BTech CE programme, from 120 to 180 students, from AY 2020-2021.
 - However, the BoS member showed their concern regarding availability of faculty with required competency.
- BoS in principle approves the change in the department name from Computer Engineering to Computer Science and Engineering (CSE). However, it was recommended to review the change in name from Computer Engineering to Computer Science and Engineering on the basis of the contents covered by renowned universities in the said course.

- The BoS approved the creation of common pool of electives instead of semester wise basket. This will provide better flexibility in offering electives to students. With effect from Jan 2020, the two separate baskets of Elective I, II and Elective III, IV have been merged to a common basket. The subject code and syllabus will not be changed. Students and department will adhere to the pre-requisites for these electives.
- BoS approves the addition of new open elective: Web Development.
- The BoS provided the following suggestions on Standardizing/creation of Course Objectives (COs), and its mapping to POs:
 - It was suggested to include action verbs in the design of COs.
 - Suggested to mention the % coverage of cognitive levels based on Blooms Taxonomy for each course.
 - BOS members suggested to conduct a workshop for outcome based education for all faculty members.
- BoS gave the approval for starting Two M. Tech programs with intake of 18 each.
 - MTech Cyber Security
 - MTech Data Science.
