2. Introduction of the Event

Civil Engineering is all about design, construction, and maintenance of the various public works such as roads, bridges, tunnels, railways, airports, canals, dams, sewerage systems, water supply system etc. To construct and maintain these infrastructures, one need to start with various surveys and using different surveying instruments. Therefore, the 'advanced surveying instruments' majorly used in almost all civil engineering works is explored in this workshop. The One day Skill Development Workshop on **"Modern Surveying Using Drone, GPS, and Total Station"**, would certainly help all those who are waiting for the jobs and practice in the field. The expert lecture followed by advanced surveying instruments such as Drones, GPS, and Total Station. Besides imparting knowledge on contemporary advancements in surveying

3. Objectives of the Event

- To spread awareness about the Surveying in civil Engineering works.
- To demonstrate advanced surveying instruments such as Drones, GPS, and Total Station at lab and field.

4. Beneficiaries of the Event

The main beneficiaries of the workshop were undergraduate and post graduate students, and research scholars from different institutes.

5. Brief Description of the event

On 25th March 2023, one day Skill Development Workshop on "**Modern Surveying Using Drone, GPS, and Total Station**" was organized by **Department of Civil Engineering**, <u>School of Technology (SoT)</u>, <u>Pandit Deendayal Energy</u> <u>University (PDEU)</u>, Gandhinagar, Gujarat. The main objective behind the workshop was to help students to understand and use advanced surveying instruments such as Drones, GPS, and Total Station. The first session of workshop commenced at sharp 10:00am with an address by Dr. Ankit Deshmukh

to the participants about the significance of surveying, advanced surveying instruments, and use of GPS and Drone surveying in the Civil engineering projects. An informative lecture followed by laboratory demonstration of the GPS and Drone instruments was done then actual survey demonstration was performed at the ground.

After the lunch break, the second session was started with invited industry expert **Dr. Akshay Jain** (Co-founder of LGEOM PVT. LTD). Then the last session on Total station was delivered by **Dr. Vsudeo Chaudhari.** The highly interactive sessions were concluded at 5:00 pm after the distribution of the certificates to the participants by the coordinators.

6. List of participants

The workshop was attended by students, and research scholars from of PDEU and other organizations such as **Indus University**, **LDRP-ITR**, **ISRO**, **Govt**. **Polytechnic Godhra** etc... The Participants from different countries (G20) such as **India**, **Ghana**, **Tanzania**, **and South Sudan** also participated in this workshop.
