

**Pandit Deendayal Petroleum University
School of Technology**

Department of Electrical Engineering

Date: 03/05/2019 (Friday)

Time: 11:00 A.M. to 01:00 P.M.

Venue: Block-E Conference Room (Ground Floor)

Agenda of the Meeting:

1. Consideration and approval of the syllabus of the courses of Semester- VII and VIII of B.Tech in Electrical Engineering to be implemented w.e.f. academic year 2019-20
2. Consideration and approval of the new course structure with teaching and Examination scheme of B.Tech. in Electrical Engineering Program.
3. Consideration and approval of the modified course structure with teaching and Examination scheme of B.Tech. Semester-V and VI in Electrical Engineering Program to be implemented w.e.f. academic year 2019-20 (2017 Batch)
4. To review and consider the modifications in the contents of the course "Electrical Power System-I" being offered in semester-IV of B.Tech. in Electrical Engineering.
5. To assess the quality of question papers of UG and PG programs drawn in previous Examinations.
6. Any other item thought appropriate by Chairman BoS.

Minutes of the Meeting:

- Dr. J. G. Jamnani welcomed the BoS Members. He mentioned the key points of the BoS meeting held in May 2018.
- Then the agenda of the meeting was introduced to the BoS Members.
- The course structure and evaluation scheme of Semester – VII and VIII of B.Tech in Electrical Engineering, to be implemented w.e.f. academic year 2019-20 (2016 Batch), was put forth in the meeting.
- Syllabus for the each course of Semester – VII and VIII were discussed and the comments of the BoS members were incorporated in the syllabus.
- After the incorporation of the suggestions, the syllabus of the courses of Semester – VII and VIII of B.Tech in Electrical Engineering, to be implemented w.e.f. academic year 2019-20 (2016 Batch), was approved by the BoS members.
- The modified course structure with teaching and Examination scheme of B.Tech. Semester-V and VI in Electrical Engineering Program to be implemented w.e.f. academic year 2019-20 (2017 Batch) was approved by the BoS members. The two laboratory

courses, each of three hour duration, were divided into three laboratory courses, each of two hour duration.

- The syllabus for the subject "Electric Power System I" for B.Tech. Semester IV, to be implemented w.e.f. academic year 2019-20 (2018 Batch), was put forth in the meeting and approved by the BoS members.
- The BoS committee is of the suggestion that course on Communication Skill need to be included as per the university guidelines.
- Following subjects were suggested for the Minor Course to be offered for the students of other branches
 - a. Transducers & Sensors b. Electric Vehicles
 - c. Embedded Systems d. Energy Management
 - e. Electric Drives f. Digital Signal Processing
 - g. Electrical Safety h. Renewable Energy Sources
- The End Semester Examination question papers of the previous semester were reviewed.
- The meeting ended with Dr. J. G. Jamnani thanking the BoS members for their suggestions and valuable time. He also stated that the suggestions provided by the BoS members are acceptable, incorporated and will be forwarded for the further approval of FoET.
